

Dear Parents,

The Summer term 2 has got off with a blast of warm weather which I hope you are all enjoying safely with your family.

Our Home Learning tasks for the next fortnight look slightly different, so I wanted to explain about them briefly.

- The English is a different format to the work which has previously been set. Each week is split into four lessons which focus on reading, writing, spellings or grammar. Your child should complete one activity per day and some of the activities will take as little as ten minutes to complete. The reading material which is needed can be found at the end of the work pack. Again, you do not need to print this out work pack out; answers can be completed on pieces of paper.
- The Maths is a different format to the work previously set as it has been placed into a Bingo grid. I know many children are using My Maths so please continue to do so.
- Finally, I have uploaded another Home Learning Menu with lots of topic ideas attached for your child to complete. Please note they do not need to complete every task. Please take pictures of your creations and send me them via [office@stjohntheevangelist.org.uk](mailto:office@stjohntheevangelist.org.uk) or the school's Facebook page.

Stay safe and enjoy your time together.

Mrs Peacock 😊
