

## Year 6 Maths Bingo

Your Maths for the next two weeks is to complete as many of the 'Maths Bingo' challenges. Remember to take pictures of you doing these so your parents can email school with these and share them on Facebook when we post a status about it.

Keep safe, keep being good and keep making memories.  
Love Mrs Henderson x

Write down all the prime numbers up to 100.

Can you revise all of these numbers?

With an adult, take the temperature of a cup of tea or a hot bath every minute for 10 minutes. Using this information, draw a line graph that shows this information. Remember to label the line graph correctly.

Go on TTRS and battle with a friend

Bake something with an adult at home so you are reading scales accurately.

Learn a times table that you are not secure with.

Find 2D and 3D objects from around the house. Talk to your family about the properties of the shapes. How many ways can you sort these shapes?

Go onto the Nrich website and look at the different Maths activities for children aged 7-11

<https://nrich.maths.org/14580>

Have fun exploring!

Measure the perimeter and area of three rooms in your house. You will need a tape measure to do this. Some rooms may be challenging, remember to split them into squares and rectangles.

Draw a picture which is symmetrical using a variety of shapes.
