

# Let's make our very own currant bun!

1.

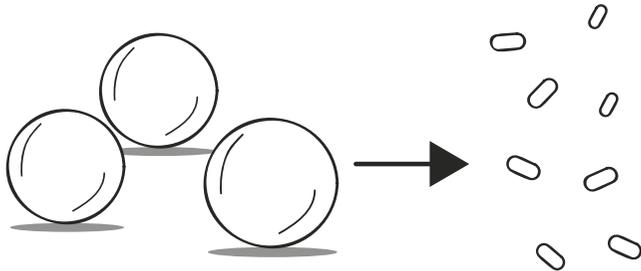

Get a big ball of playdough.  
And roll it in to the main shape  
of the bun.

Get another ball half the  
size and flatten it.  
This will make the icing!

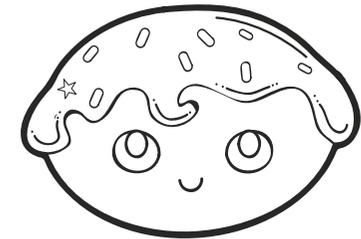

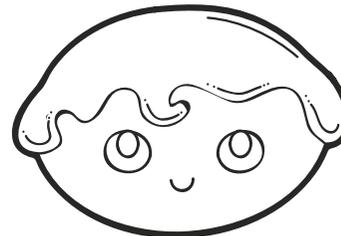

Now roll 4 small balls in total.  
Then squish them flat to make  
the eyes!

Attach them all to the  
main shape, like this!

2.

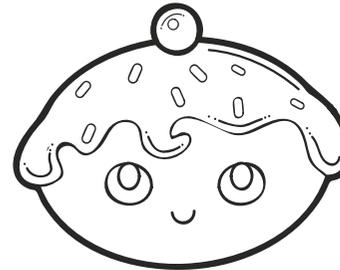

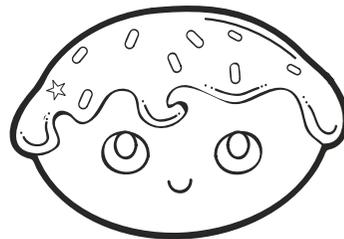

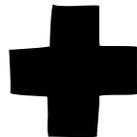

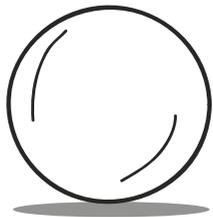

Get lots of tiny balls of  
playdough and then shape them  
into sprinkle shapes.

Place them on top of the  
icing part. Now draw on the  
mouth below the eyes.

We're almost done! Next part is  
to make the cherry on top!

3.

Roll a small ball of playdough  
– red would be best!

Attach it to the very top  
of the bun.

Now you're finished!  
You have your very own  
currant bun!
