

Ten books to read before leaving Nursery!

At St John's we believe that reading is **the key to learning!** Reading is needed in every subject of the curriculum and it is important that children have an enthusiasm for reading, whether this is reading alone or with an adult. We have produced a list of 15 books which are appropriate for children in Nursery as we are often asked to recommend books that are popular with children and have a good literary content. **For each book read, your child will collect stamps, if your child reads ten of these books before the end of the year they will be rewarded with a special prize; all we ask is that you message us via Class Dojo to let us know your child has read the book - please tell us the title, and we will stamp their record in school.** After your child has read the book, in order for them to gain their stamp, they need to draw a picture of their favourite scene or characters from the book. Please take a photograph of this and send it alongside your message letting us know they have read the book.
