

Class 3

Summer Term 2020

Hello! I hope you all had a lovely break for Easter with your family and managed to enjoy some of the lovely weather we have had! As we move into the Summer term, I'm sure you are adapting to the different way we are learning at the moment, keep up your hard work! We are all missing you so much and look forward to the day when we can all be together again.

R.E

We are starting a new topic 'Holidays and Holydays'. Can you think about what you like to do in the holidays, maybe write a list or draw a picture? What makes a holiday different from any other day? Can you find out how Jesus went to live with his Father in heaven; learn about the Holy Spirit and think about how the disciples may have felt at that time.

English

Remember to read every day, you can read by yourself, to your adult or even do a story time for your favourite toys! Oxford Owl have over 500,000 free e-books available for children to read. Please see the links below to access these wonderful books.

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page>

Keep practising your handwriting and forming your letters correctly, you can also practise your pencil skills when drawing and colouring.

Don't forget to check on the homework page on the website for your English activities! Please send any work you are really proud of by email to office@stjosephsacademy.org.uk I would love to see what you have been busy doing!

Also, Oak Academy online and BBC Bitesize have created lessons for each day of the week.

Mathematics

Keep working on your times tables and counting in 2, 5 and 10's. Don't forget to log in to Times Tables Rockstars and you can find counting songs online to help you. Keep working on recognising numbers to 20 and beyond, maybe you can sport some on doors when you are out for your daily exercise?

When you are helping in the kitchen, do some investigating of items in your home that are heavy and light. Can you sort them into order? What do you notice about your items?

Have a try to write some number sentences using +, - and =. Can you use your fingers to work them out?

Remember to look at the Homework Menu's for more ideas!

Science - Plants

Our new topic is plants. I'm sure as the weather has been getting warmer you may have noticed plants beginning to grow again after the cold weather. Can you recognise any plants when you are out? Maybe you could draw and label a plant? You could research different plants and trees, which are your favourites? Maybe you have some seeds that you could plant in your garden, remember to water them every day.

Geography - Seaside

There are lots of different coastal areas near Norton, some are busy and some are quiet. Can you think of a time when you have visited the seaside? What did you see? What did you do while you were there? With an adult to help you can find it on a map and see how far away it is from your home? Below you can see Saltburn, have you been? What can you find out about Saltburn?

P.E.

It is important to keep active whilst at home. Please see the homework menus for activities. Joe Wicks is teaching PE every morning at 9am on YouTube.

Don't forget to run, walk, jump around, ride your bikes and scooters on your daily exercise. Have fun!

Keeping Mentally Healthy

During these challenging times, it is normal to feel a little bit anxious. It is more important than ever to look after our own mental health and support children to stay emotionally and mentally healthy. Our 'Keeping Mentally Healthy' page on our website is being updated regularly with ideas and activities that can help us to look after our mental health. Please see the link below or email Miss Harrison for advice:

<https://www.stjosephsacademy.org.uk/contact/keeping-mentally-healthy/wellbeing@stjosephsacademy.org.uk>

Take care of each other and keep smiling!

Mrs Hall and Miss Kovacs
