### English

1. Write a set of instructions to accompany your board game. Make sure you include: clear layout, equipment required, numbered points and imperative verbs.
2. Write a review of a book you have read and share with the class on your return.

### Maths

1. Practice written multiplication and division methods. When you feel confident, make a short video clip of you explaining how it works for us to watch!
2. Create your own times tables board game to share with the class.

### RE

1. Write a diary entry as if you are Mary and you are with Jesus on the day of his crucifixion. Include details about how you felt whilst walking along side him as he carried his cross up the hill and as he died. Use your Bible to help you with the details of the story.

### Art

1. Choose an animal which we have looked at in our 'Classification of Animals' unit in Science. Use a scientific eye to create an observational drawing of that animal.

### PE

Try your best to be active for an extra 30 minutes a day. You could ride your bike, practice some ball skills in the garden, hula hoop, walk, jog, run or you could even help out with some jobs around the house.

### Science

1. Investigate Isaac Newton and his discovery of Gravity. Which other forces can you find out about? How do they act and why are they important?

### Geography

1. Investigate the journey of a river and its features. Present this information in any way you choose. It could be a PowerPoint, a fact file or even a video.
