Home activities

- Pack and unpack your school bag
- Put on and take off your school jumper or cardigan
- Share a story with a grown-up and talk about the characters
- Count everyday objects such as toys, stairs or pieces of fruit

These are all ways to help us to prepare for school!

This week, we have been settling into our new classroom and learning our new routines. Through the story 'The Colour Monster Starts School', we have been exploring different feelings and talking about how we might feel when starting something new. We have also created our own Colour Monsters, choosing colours to represent different emotions.
