

Remote Learning in the Early Years Foundation Stage at St Joseph's Catholic Primary School Wroughtington

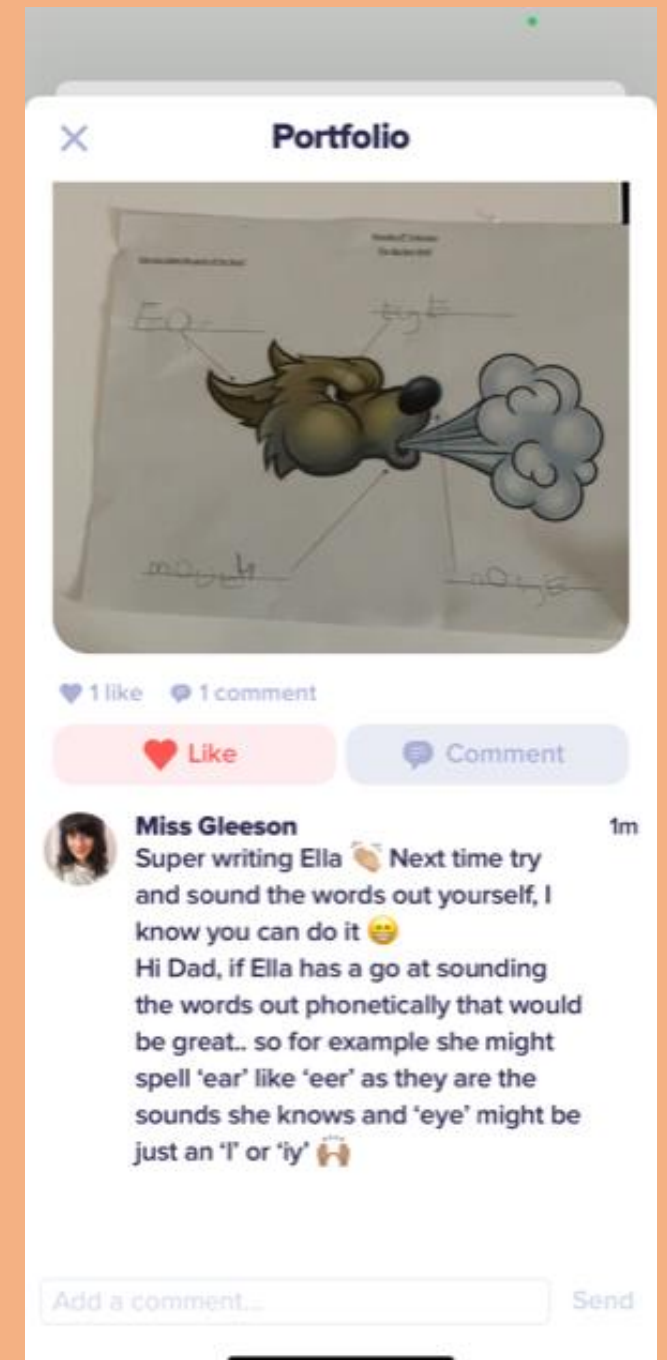

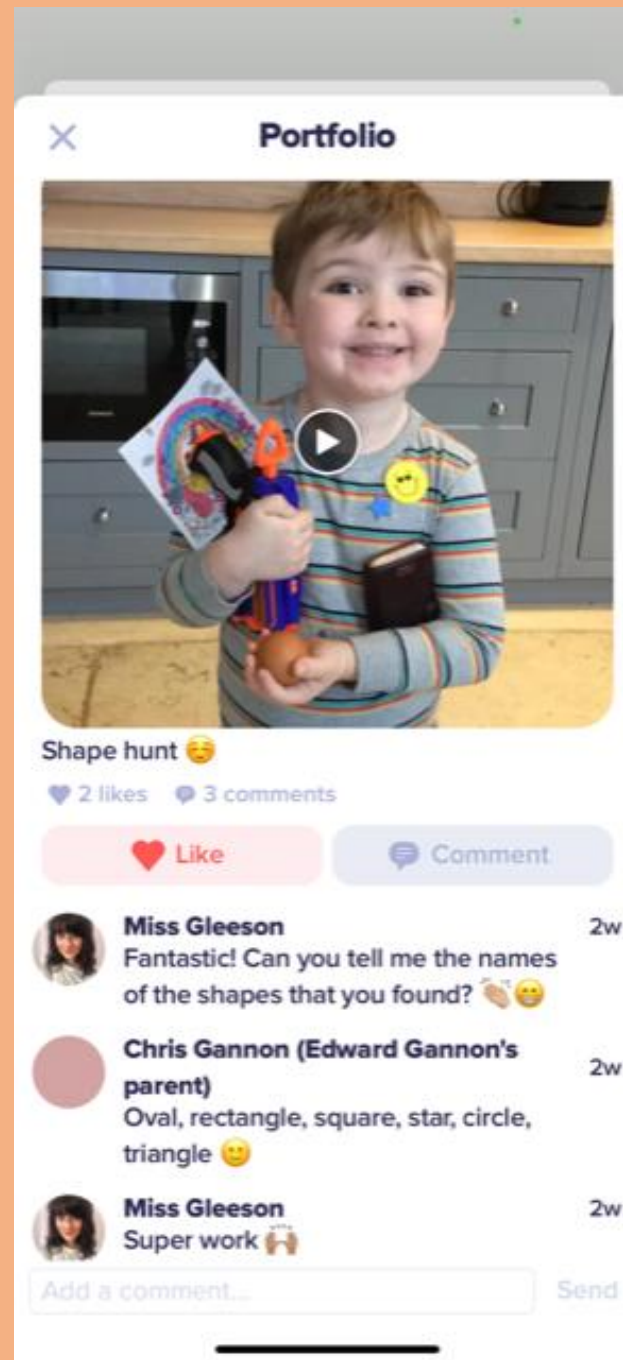

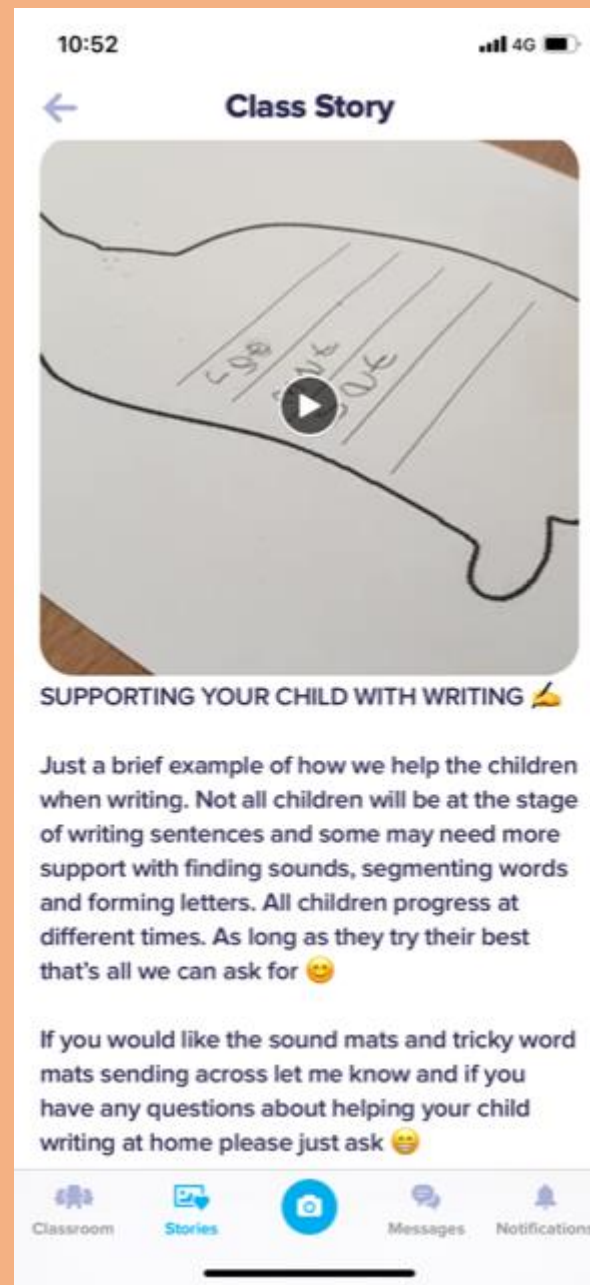

Home Learning

- Like in school we want to keep the activities that the children do at home as fun and as practical as possible
- This is done by setting a mixture of child initiated and set work to complete each week
- The children at home complete the same activities as the child in school
- Without forgetting about the fundamental values of the Early Years Foundation Stage – Learning through play

Children's work is set on our learning platform ClassDojo. Teachers can set work and children respond by uploading their work using photographs, videos, worksheets and the paint app on Dojo. We then can give feedback to support parents and children.

In the EYFS, staff upload daily phonics lessons and other videos to help parents to support their children at home with Phonics as well as Reading, Writing, Maths and Topic work. It is all very interactive with lots of videos of our EYFS staff.

Loved my phonics again as usual Miss Gleeson! We have recapped the Jolly Phonics song and used the sound mats. I was very good sharing them with Jeremy. We have watched your ai video and Alphablocks. And now playing Fast Phonics - Mummy says you were right and I am LOVING it so happy flappy 😊

They are amazing tricky words! Super work 🌈👍

Add a comment... Send

The children can then complete the tasks at home with the help from the teacher in school and parental support.

All topic based work is set and submitted in the same way and teachers can see and make comments on all of the fantastic work children do at home.

Work that children complete in class is also shared on ClassDojo so everyone can see their friends and know that everyone is doing the same work.

We also have several Zoom sessions a week to support different areas of learning.

We ask parents for feedback on various areas of our home learning to ensure they feel supported and the children at home are getting the best quality education.

I like to look and listen,
I need to touch and try,
I want to smell and sample,
And ask the question why?
Give me time to wonder,
To imagine and pretend,
Space to run and bend and stretch,
Share secrets with a friend,
I want to hold and handle,
I must play to understand,
For I need to know so many things,
To find out whom I am.
