

What is the Lancashire Behaviour Quality Mark?

We are delighted to inform you that you have been successful in achieving the **Gold Standard Lancashire Behaviour Quality Mark** as a result of the external accreditation. **Congratulations!**

The Lancashire Behaviour Quality Mark is a process of external accreditation that provides schools with an evidenced benchmark of their schools performance in all aspects of behaviour in school. The Quality Mark has been trialled and moderated in Lancashire schools and is fully cross referenced with the current Ofsted criteria.

Our assessment of behaviour in your school showed:

- The school behaviour policy reinforces the school's positive ethos;
- Staff and pupils treat each other with respect;
- Curriculum plans include the development of behaviour skills;
- Staff use duty time proactively to build relationships and scan for potential issues;
- The school is effective in tackling all aspects of bullying behaviour;
- Staff effectively share information to trigger and inform support plans;
- Staff strengths are identified and there are opportunities for these to be shared.
