**ST JOSEPH'S CATHOLIC PRIMARY SCHOOL, WRIGHTINGTON**  
**Code of Conduct for Parents, Carers and Visitors on School Site**

*'Living Life to the Full' John 10:10*

At St Joseph's Catholic Primary School we require all parents to follow our code of conduct **at all times** on school premises.

- To act as a positive role model in front of the children
- To not intimidate or attempt to discipline pupils
- Raise concerns or report incidents with school staff directly and not with the children or parents involved and not through social media.
- To be aware that children will listen in on adult conversations. We ask that inappropriate conversations are not discussed in their presence.
- Treat school staff respectfully
- To treat each other with respect
- To respect the school's security measures to keep the building secure
- To not use inappropriate language

Our children have a right to feel safe and secure in school, we expect all staff and parents to respect this right.

A persistent failure to adhere to this code of conduct by parents will result in them being excluded from the school site.

**Social Media**

The school recognises the benefits of school and parental use of social media, however parents who use social media should be aware of the potentially harmful impact of its misuse on our school community. The school takes a dim view of parents who attempt to demean or defame either school staff or pupils online. School will not hesitate to use the proper legal routes if any parent makes illegal remarks online directed at either staff or pupils. If you are a member of a parent 'WhatsApp' group, please be mindful of what you post.

This document will also be included in the Home-School Agreement and the in the New Intake pack.
