Donate to charity

Donating to charity doesn't just mean giving clothes to homeless people, it also means to protect the earth by recycling and reusing clothes. So donate to charity, for the world!

Live Sustainably

To live sustainbly means to reuse things and keep them for longer. We can reuse clothes instead of putting old clothes in the bin by donating them to charity.

Simply

to live Simply does sound like it is easy to do but realy it is a very hard task for most people.

Here are some ways to live Simply:

1. use eletric cars
2. eat less meat
3. donate things that you don't need
4. you can cut down less trees
5. grow more plants.

In my opinion the best way to live simply is to spend time picking up litter

Solidarity

to live in solidarity is harder than living Simply. Living in solidarity is about working together

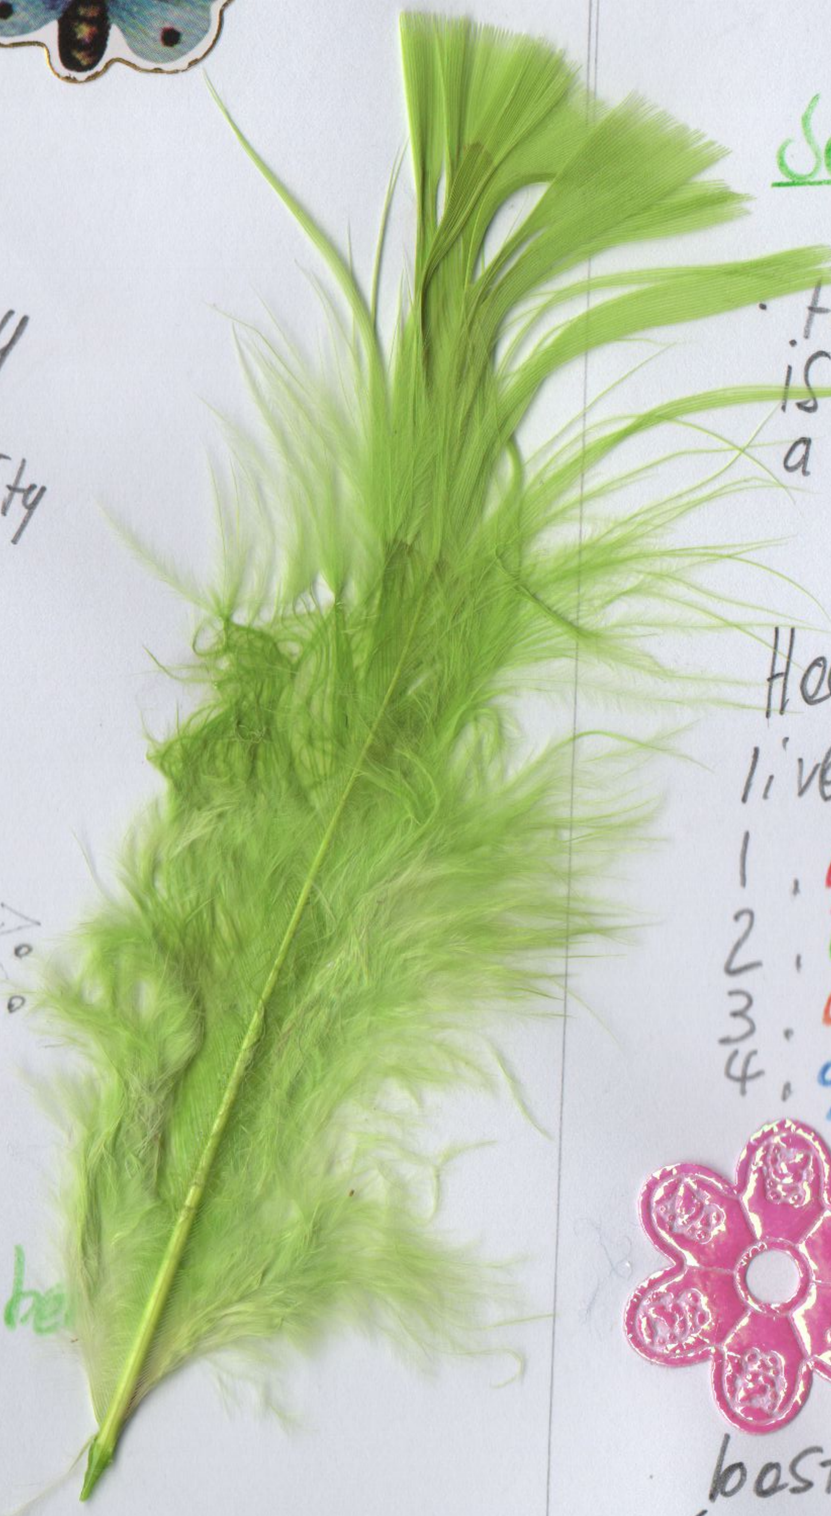

Here are some ways to live in Solidarity:

1. racing for charity
2. working at pet shelters

Living Simply

Living Simply is a very good thing to discuss about for our Live Simply award. We are a very holy school and we need to Particate in this special world. If we do this, we might follow it / ~~go out~~ our CST / Catholic Social Thing Teaching rules. Community and ~~Partication~~ Partication and maybe even Creation.

Prayer

Compassionate and loving God,
you created the world for us all to share a world of beauty and plenty. Create in us a desire to live simply
So that our Lives may reflect your generosity. Creator God
you gave us responsibility for the earth, a world of riches and delight
So that those who follow after us may enjoy the fruits of your creation
God of peace and justice, you give us the capacity to change to bring about a world that mirrors our wisdom. Create in us a desire to act in solidarity so that the pillars of injustice crumble and
those now crushed are set free. Amen

So Why do we Partícate in the Live Simply award?

We Participate in the Live Simply award to embody CST ~~Participate~~ responding to Pope Francis call to live Simply, sustainably and in solidarity with the Poor.

What is the Live Simply award?

The Live Simply award, is an opportunity for Catholic communities - Parishes, schools, religious orders and families - to answer the call for us to care for our common house, and live in solidarity with our sisters and brothers around the world.

"What kind of world do we want to leave to those who come after us, to children who are now growing up?"

You should donate food to a local foodbank inorder to help those in need so they dont have to go hungry.

We should always try and make newcomers welcome by helping them, playing with them to stop them from feeling lonley.
