WALT write a Space story.

Example

End/Resolution

How does the story end?

Did your character make it home?

What did he say to his friends/
family?

A friendly or police alien chased after the thieves and got the rocket back.

Barney landed home safely and told his friends all about his adventure.

Barney loves to look up into the sky at night. He wondered what it would be like to visit the planets. One day Barney decided to build a rocket. He used a box and some bits from around the house. He packed his toy dinosaur and said bye to his friends.

Then Barney counted 3,2,1 and blasted off into space.

When Barney stepped out of his rocket, he saw a bright yellow star. Then he saw a brown and cream planet. The sky was bluish and beautiful. Barney didn't notice when the alien thieves stole his rocket.

He was worried and didn't know how he would get home. Suddenly a friendly alien came by and chased after the thieves and got the rocket back. Barney got into his rocket and zoomed back to Earth. He told his friends all about his adventure.
