Monday 25th January

WALT use wow words to describe a setting.

There is a **big orange** planet with stars shooting across it. There are lots of **big** volcanoes. They are **tall** and **thin**. There are **small green** aliens that have **long** bodies. There are puddles of **blue** liquid. There is a **silver** moon above the planet. It is shining in the sky.

Monday 25th January

WALT use wow words to describe a setting.

There is a smooth, circular and flat UFO flying above the planet. It looks rusty. The sky is bright blue and covered with shining silver stars. The surface of the planet is covered with water and there are big rocks coming off the water. There is a huge silver planet floating behind. There are tall blue and white mountains in the background.
