

The Mean

I can calculate the mean as an average.

Use your understanding of the mean to solve this problem.

Find the number of runs each child scored in the school cricket match.

Zaineb scored 114 runs.

Idris scored 25 fewer runs than Peter and 30 more runs than Daisy.

	Zaineb:	mean = 105
	Peter:	
	Idris:	mean = 77
	Bethan:	
	Daisy:	mean = 55
	Leon:	

The Mean Answers

Zaineb: 114 runs	mean = 105
Peter: 96 runs	
Idris: 71 runs	mean = 77
Bethan: 83 runs	
Daisy: 41 runs	mean = 55
Leon: 69 runs
