7<sup>th</sup> February 2014

Dear Parents,

We are very pleased to announce that from Monday 10<sup>th</sup> February 2014, we are able to offer an on-line payment service. This service is provided by the same company, School Money, who currently provide our text service.

Our new [Schoolmoney.co.uk](http://Schoolmoney.co.uk) facility will allow both parents and school to experience a more streamlined, cost-effective and efficient payment collection system within a secure and safe environment.

From now on when you receive a letter informing you of a school activity for which we have to make a charge, for example music and building fund, or seeking contributions towards the cost, eg trips, you will receive a text message inviting you to access a website as an option to make a payment.

We will continue to accept cash and cheque payments for the time being.

You can find further details on our website and we are placing a link to SchoolMoney on the home page.

Thank you for your cooperation in this matter.
