All of my children Karl, Laura and Rachel attended St Josephs, indeed Karl is now Year 6 Teacher and my wife Carol is a Teaching Assistant in Reception Class. I have been a parishioner at St Josephs for over 25 years. All my family were baptised there, we were also married there over 28 years ago.

Foundation Governor - Stuart Christie

I was born and raised in Chorley, attending Albany High school. Leaving school I became a sponsored engineering student at BAE Systems, gaining a first class degree in mechanical engineering at Nottingham Trent University. I have lived in North America for a couple of years and am currently employed as a fuel systems engineer working on an international aerospace project. I am a keen member of the St Joseph's congregation, and my daughter attends the school. I'm still plugging away cycling and running every lunch time in the hills around Blackburn. Though I'm now trying to position myself as a future rock lead guitarist, much to my wife's delight! I do like my holidays to Madeira every year and have been known to enjoy the occasional pint of real ale.
