

Astley News

Welcome to St Joseph's School and Astley Class!

Spring One

Mrs France

During Spring One Astley Class will be looking at the topic 'The Three Little Pigs'. We will explore the story, looking at the characters and learning the story using talk4writing actions so we can re-tell it. During our topic we will also be experimenting with different materials to find out which would be best to build a safe, strong, wolf proof house.

As always if you have any questions please don't hesitate to get in touch. If you are not yet connected to our class dojo group and would like to be, just let me know and I can help.

Things to remember:

- Names in all items of clothing.
- PE kit in school on Tuesdays and Thursdays.
- Wellies in school at all times for playing in the mud kitchen and impromptu trips to the Garden of Eden.
- **Water bottles** in school every day, it makes a big difference if the children can access their own water throughout the day.

Happy New Year everyone! I hope you have all had a wonderful Christmas break with your family and friends. Once again I must thank you for the tremendous effort with the Nativity costumes last term, they all looked fantastic and we couldn't have done it without your help.

This half term I will be holding a 'stay and play' session to allow you to come into school in the afternoon and see how the children access maths in class, details will go out on a letter soon and we would love it if you could come and join in.

To keep up to date with what's going on in Astley class each week please connect to our Class Dojo and follow us on twitter @Astley_Class

READING BOOKS ARE CHANGED ON MONDAYS AND THURSDAYS

It is very important they are reading every night and changing their books/ phonics pack as often as possible (if you feel your child needs their book changing more often please let us know). Children who have reading books will also get activities in their phonics pack to further support reading and writing.
