

P.E funding and Impact Statement 2021/2022

Chorley St. Joseph's Primary School

Vision: Our aim as a school is to spend the sports funding in a way that will further enhance and improve the current quality and breadth of provision for PE & Sport, resulting in a positive outcome for our children. We want all children to enjoy P.E and have fun taking part in a wide range of sports activities, tournaments and competitions. We aim for all children to leave our school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. We aim to identify children who show talent, ability or aptitude in a particular discipline and signpost families to development clubs, with whom we have built close links. We also aim to address issues of well-being in our children through physical activity.

Overall objective: To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Swimming and water safety

Swimming is an important skill and can encourage a healthy and active lifestyle. All Local Authority schools must provide swimming instruction either in key stage 1 or key stage 2. The programme of study for PE sets out the expectation that pupils should be taught to:

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]

Perform safe self-rescue in different water-based situations. Swimming and Water Safety	
• What percentage of the current Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?	
• What percentage of the current Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	
• What percentage of the current Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?	
• Schools can choose to use the primary PE and sport premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	

Money received: £ 17,600		Initial Breakdown of Spending		Pupils: 203	
In house Sports Coach /HLTA	£6,500 (of £9,610)	Chorley School Sports Partnership	£2,280
