

Meet our School Governors

Name: Suzanne Lloyd

Type of Governor: Parent Governor

How did you come to be a Governor at St Kentigern's?

I have been part of the parish community all my life.

Although I did not attend St Kentigern's school myself my daughter did and my son is still in the school. I am involved in the parish community in many ways and decided to apply for the position of parent governor last school year.

Tell us a bit about yourself.

I have worked in Social Housing since 2007, the majority of my career spent specialising in housing services, particularly anti-social behaviour and neighbourhoods. In November 2022 I moved into the performance team and now work in data analysis and data protection.

What are your interests and hobbies?

I like to spend my weekends having days out with my husband, children and our dog. We love to explore the outdoors and particularly enjoy spending time in the Lake District and different National Trust sites.

What do you bring to the role of School Governor?

As a governor I aim to bring the skills I have acquired in a professional capacity to the governing body particularly in terms of data reporting. However, as the link governor for wellbeing I am also keen to support the school in promoting good mental health practices for both pupils and teachers alike. I understand the necessity of a holistic and nurturing approach to educating our children in order for them to reach their full potential.
