

Year 4 Home learning tasks Summer 1 2024

These are your tasks for the Summer term. Homework must be handed in to school on Monday.

Remember – there are activities on Reading Buddy and Times Table Rockstars

RE:

This term we are learning about: **Churches**

- Look at the church(es) around your area. What features do you notice on them?
- Draw your local church. Add as much detail as you can.
- Do you visit a place of worship? Is it similar or different to a church? Write them in your book.

Science

This term we will be learning about: Electricity

- Look around your home. How many electrical appliances can you find? Draw them and write their names in your book.
- Choose three appliances from your home. Write down what would happen if you didn't have this appliance.
- Invent your very own electric gadget! It must have a circuit and a flashing light. (You can draw and colour it in your book).

History

This term we will be learning about: The Great Plague.

- Use the internet or books to collect ideas, facts and pictures about the Great Plague.
- Sketch some images from the Great Plague.
- Using lego, building blocks or items around the house, create a model of London in 1665.

PSHEC

This term we are going to learn about: Relationships

- Draw and label all the members of your family.
- Who is your best friend? Write down five qualities they have that you admire.
- Make a friendship bracelet. You can be creative and use materials around the house. For example: String, wool, beads, paper and stickers.

Art

This term we are going to learn about: 3d Art

- Find and sketch five 3d objects from around your home. You can colour them in.
- Find your favourite shoe- Draw and label the different features of that shoe (this links to one of our lessons in class).
- Create a 3d object using materials around the home (for example: paper, empty containers, cereal boxes etc). Colour/decorate it and bring it into school to show.
