

# Year 6 Homework Grid Autumn Term

**TASK:** Complete as many activities as you can by the end of the term.

## Geography

Design and make a prototype of something that could help in the fight against climate change.

## History

Make a Viking sword with your name written in runes and your family crest on it.

## RE

Design and make your own advent wreath.

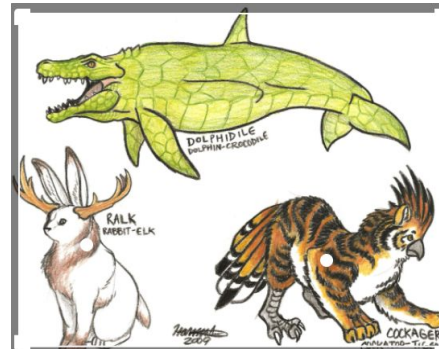

## PE

Design a warm up fit for our class- you can be the teacher and try it out!

## Science

Draw your own unique creature - what habitat does it live in and how has it adapted to suit the environment?

## Music

Write a rap about climate change- record yourself.
