The background is a dark gray field filled with various geometric patterns and shapes. These include a grid of small dots in the top left, a large purple circle in the top right, a purple square in the middle left, and several 3D wireframe cubes and pyramids scattered throughout. Teal dashed lines and a solid green circle are also present. A large white circle in the center contains the text.

Today's New learning

- Morning Task- Among Us challenge
- Maths- Multiplying fractions
- SPaG- Antonyms
- English- Writing the first draft of your newspaper
- RE- The Bible
- PE/ Screen free afternoon.
- Reading.

Which SPaG mistake is....

“Help!” Cried...

“Do you know which way it is!” asked Bert.

“i am going to eat you” cried...

“Your evil,” muttered Joe.

“I love banana’s!” Screamed Betty.

Fred walked towards Simon and said, “I hate your trainers.”

Spot the imposters and tell me why! Then fix them.

Can I solve problems that involved multiplying fractions? [Click here for my video](#)

Multiply Fractions by Fractions

1a. Look at the calculation below.

$$\frac{1}{3} \times \frac{1}{2} = \frac{1}{5}$$

Is it correct? Explain how you know.

R

Multiply Fractions by Fractions

1b. Look at the calculation below.

$$\frac{1}{4} \times \frac{1}{5} = \frac{1}{20}$$

Is it correct? Explain how you know.

R

Over to you!

Make sure that you set your new learning out neatly. If you can print this, I would! Next to each one make sure you explain WHY and How you know. Try to explain where they went wrong.

Multiply Fractions by Fractions

4a. Look at the calculation below.

$$\frac{1}{4} \times \frac{2}{5} = \frac{3}{20}$$

Is it correct? Explain how you know.

Multiply Fractions by Fractions

4b. Look at the calculation below.

$$\frac{2}{3} \times \frac{5}{6} = \frac{10}{18}$$

Is it correct? Explain how you know.

5a. Stacy is trying to find pairs of proper fractions which multiply together to make the answer below.

$$\frac{?}{?} \times \frac{?}{?} = \frac{12}{30}$$

She finds 3 pairs. What could her pairs be?

5b. Hattie is trying to find pairs of proper fractions which multiply together to make the answer below.

$$\frac{?}{?} \times \frac{?}{?} = \frac{8}{24}$$

She finds 3 pairs. What could her pairs be?

6a. Rose is thinking about multiplying fractions.

Rose

If the answer to a fraction multiplication is $\frac{4}{16}$, one of the fractions which was multiplied could have been $\frac{2}{7}$. The answer has not been simplified.

Is she correct? Explain how you know.

6b. Cory is thinking about multiplying fractions.

Cory

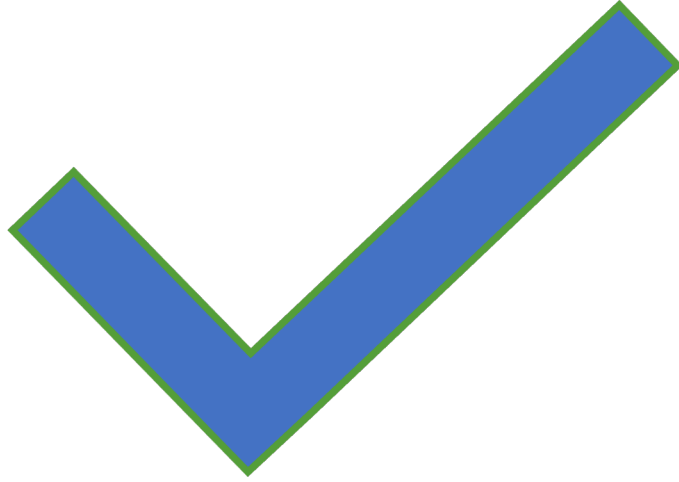

If the answer to a fraction multiplication is $\frac{6}{15}$, one of the fractions which was multiplied could have been $\frac{2}{3}$. The answer has not been simplified.

Is he correct? Explain how you know.

SPAG

Synonyms & Antonyms

What Do I Need To Know?

Prefixes	Suffixes	Capital/Full Stops	Exclamation Marks	Commas	Quotation Marks	Plural & Possessives
Verbs	Adjectives	Quantifiers	Prepositions	Conjunctions	Relative Pronouns	Modal Verbs
Pronouns	Adverbs	Expanded Noun Phrases	Relative Clauses	Verb Inflections	Coloured Quizzes	Formal and Informal
Appositives	Conjunctive Phrases	Perfect Forms of Verbs	Verb Phrases	Noun Phrases	Passive & Active Voice	Colours & Sentences
Direct Speech	Imagined Characters	Relative Clauses	Noun Phrases	Indefinite Pronouns	Ellipsis	Hyperbole

[Click here to listen to me!](#)

Synonyms: mean the same thing. You need to have a wide enough vocabulary to be able to recognise or think of alternatives to every day or common words. Reading widely can help you.

- Ensure you check that the synonym you use still makes sense in the sentence.
- In the example, 'The film was really **sad**,' synonyms for **sad** might include tragic or upset. Which of these would be the best choice?

Antonyms: means the opposite. Once again, make sure that the antonyms you choose still make sense in the context that they are being used.

- Suffixes can help to make antonyms too:
tune → tune**ful** and tune**less**

Examples:
Modify this sentence
using one of the
antonyms:

'They thought Merlin
was an **ordinary** man.'

unique, peculiar,
exceptional, unusual

Dangerous Pollution in YOUR Area!

Proctor and Gamble Polluting the air.

Thurrock is one of the most polluted towns in UK and P and G is one of the biggest contributors.

the biggest contributors. When will P and G stop making so much pollution? The more pollution

Pollution? The more they make, the more people will suffer as a result.

Proctor and Gamble are emitting a million micrograms of air pollution per cubic metre every month. Compare this to the city of Bristol, where only 100 micrograms of air pollution have been measured.

Air pollution has many different effects, on both humans and nature. A study, carried out by Oxford University found that babies born in cities weighed at least 5 grams less than those born in less polluted areas.

In addition, air pollution can also affect our breathing, lungs and people's asthma. Can you imagine not being able to breathe whilst outside? That is the situation for 250, 000 asthmatics who live in our polluted towns and cities.

Also, air pollution can affect plants and animals. If plants take in polluted air, eventually they will die which will mean there is no food for animals and humans.

In the future, we all need to work together to reduce air pollution. You could use your car less, why not take a bike on short journeys?

Most importantly, join the campaign to force Proctor and Gamble to reduce their air polluting emissions.

Can I write a
first draft of a
newspaper
article?

Listen to me
here😊

Sentence openers:

Witnesses were astounded...
Everything was thrown into chaos...
It was an outstanding moment when...
Disaster struck...
Campaigners argued that...
Tensions escalated once...
Sources have confirmed...
Residents welcomed the news that...
According to experts...
Passengers were plunged into terror...
Supporters congregated...

Children were horrified...
According to witnesses...
Bystanders were amazed...
Keen observers noted...
As the drama unfolded...
One eye witness stated...
At the scene of...
Spectators were astonished...
Phenomenal scenes erupted as...
Villagers rallied round to...
Officers in the area...

Onlookers couldn't believe their eyes...
The incident occurred...
An expert claimed...
A passer-by, who did not wish to be named, stated...
Details have emerged...
A number of reports suggest...
There have been numerous sightings...
Ongoing investigations suggest...
Cheers of jubilation could be heard as...
It was a monumental moment as...
A spokesperson for the family announced...

Other words and phrases

incredible unbelievable elated overcome with emotion savage severe credible witness outstanding
devastation since records began particularly dangerous brutal miraculous escape kept a vigil scandalous
pivotal moment widespread chaos increasingly concerned close to the scene iconic torrential war torn sparked
rocked to the foundations epic proportions carnage not yet confirmed a spokesperson era heroic actions
a scene of elation an expert stated surrounding area another casualty crowds gathered crucial witnesses predawn raid
begs the question a probe cautiously optimistic hastily convened ill-advised local residents raised questions
various accounts evidence suggests moments later without any warning sources devastated unsung hero
can reveal exclusive insight sensational critics argue woefully inadequate dizzying array rise from obscurity
longest/smallest/biggest/greatest/hottest/driest/wettest/largest (superlatives)

RE: Can I use the Bible to find quotes?

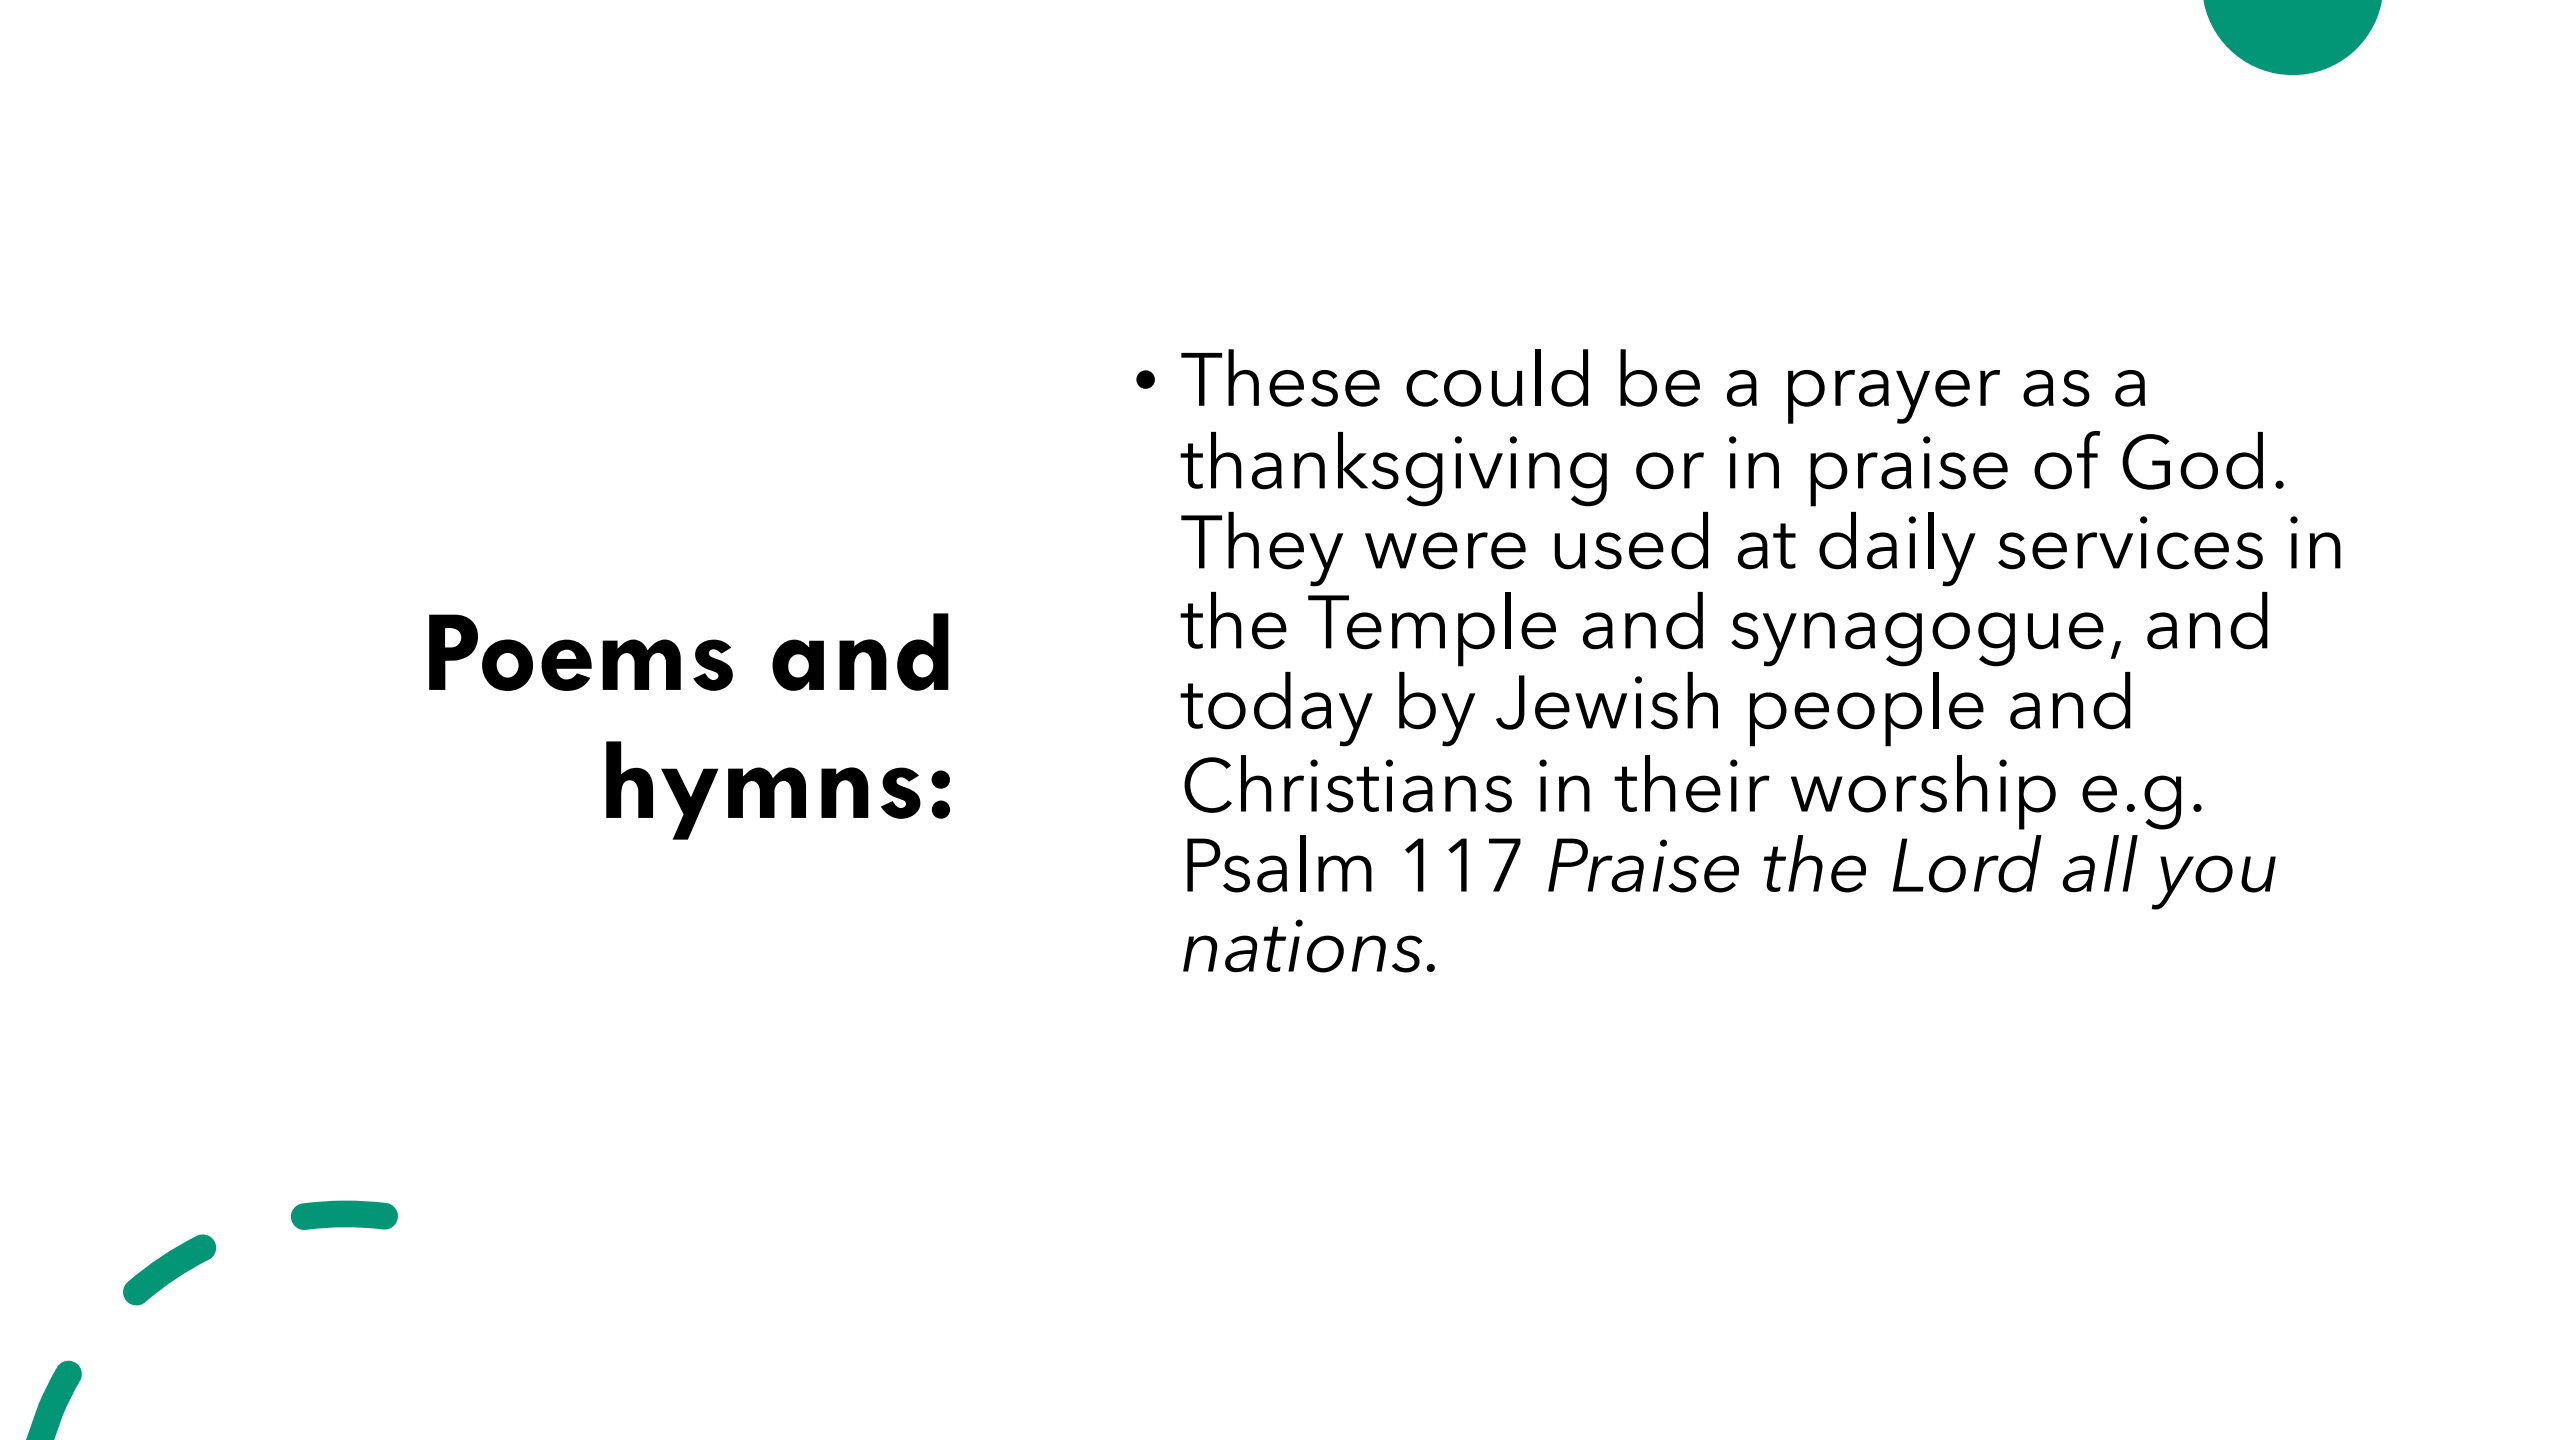

**The Bible
contains lots
of different
types of books
such
as...Historical
books:**

- these books give an account of special events in the life of the Jewish people. They are not history as we know today, but a record of God leading his people through episodes and characters e.g. 2 Samuel 2, *David is made king of Judah*.

Poems and hymns:

- These could be a prayer as a thanksgiving or in praise of God. They were used at daily services in the Temple and synagogue, and today by Jewish people and Christians in their worship e.g. Psalm 117 *Praise the Lord all you nations.*

Wise sayings

- these are short and easy-to-remember sayings, used by people in their everyday lives e.g. Proverbs 6: 6-11
Learn from the ant.

Good News:

- the Gospels. They are not a biography of Jesus, but record the memories about Jesus and of those whose lives were changed through contact with him e.g. Matthew
- 18: 1-5. *Jesus welcomes children.*

- 
- 
- If you have a Bible:
 - Open your Bible at the half way point!
 - It is likely to be around Sirach or Wisdom. It will certainly be in the Old Testament. Whilst keeping their Bibles open at the half way point, ask them to open the half to the left, that is the first quarter, which could be around Kings. Then do the same on the right hand half that could be Mark or John. Ask them to find the start of the Gospels and notice how much of the Bible is the New Testament.

Looking up Biblical text

- Like using a dictionary, it helps to know where to begin to look. When you want to read a particular text in the Bible, you would use a reference for example 1 Kings 10: 23-25.
- **1** Kings that is the first **book** of Kings
- **10** is the number of the **chapter** in that book
- **23-25** refers to the **verses** in that chapter. These are the small numbers used to divide up the chapter.

Task

Find any of these readings and complete the following:

- Find the reading
- Write a small quote from the reading
- Explain where it was in the Bible
- Write at least 2/3 sentences to explain the reading!

If you do not have a Bible then visit

<https://www.biblegateway.com/>

Then make sure you select the Children's international bible (On the right hand side) You can then search for the correct verse etc.)

John 3:1-6

• Galatians 3:26-28

• Deuteronomy 5:1-3

• Song of Songs 2:8-10

• Matthew 28:18-20

• Psalm 23

• 1 Corinthians 12:31

• Matthew 22:34-40

• Mark 1:9-11

• Ecclesiastes 26:1-4

• 1 Corinthians 12:12-13

• Challenge- Find your own reading and write it out. Then add your own illustration to complete it!

Your choice time :

- On a Wednesday afternoon, I would like us all to get away from the screens.
- Some weeks I will set you some tasks to do but this is what I would prefer...
- Fitness- you could complete a Joe Wicks workout or a Kids Yoga session (gonoodle website have loads)
- Baking/ Cooking- if someone in the house is free ask them to teach you how to cook/ bake/ make tea etc
- Reading- Get super comfy somewhere and read a book (find one you LOVE!)
- Go for a walk- gather some twigs/ leaves etc, then come back and make some art with it.
- Have an Art afternoon- Make/ paint something.
- Science- try a science experiment
<https://www.sciencefun.org/kidszone/experiments/>
- Write a story or a letter for someone. (You could even write me a letter and post it through the school door!)
- PE- Some weeks I will set some PE activities for you to join in with!
