

5.3.21

Art Lesson Year 3

Task: Create your own model of an erupting volcano!

Please bring them into school when we all return so that we can display them.
We can also try making them erupt!

Suggestions on the next slides:

1. Make your model out of paper mache.
2. Make your model out of playdough plasticine
3. Make your model out of salt dough.

You can make your volcano erupt!

Watch the video on slide 5 which shows you how.

Task: Create your own erupting volcano

You could make it out of paper mache. These instructions show you how:

1. Stick an empty bottle and screwed up newspaper onto some card.

2. Dilute either wallpaper paste or PVA glue with water. Use it to stick layers of newspaper onto your model.

3. Paint your model so that it looks like a volcano.

Task: Create your own erupting volcano

You could make your volcano out of playdough or plasticine.
Ideas below:

Task: Create your own erupting volcano

You could make your volcano out of salt dough:

Salt Dough Volcano

6 cups flour
2 Cups salt
4 TBSP oil
2 Cups water
Mix all the ingredients in a deep bowl.

9x13 pan

Plastic bottle

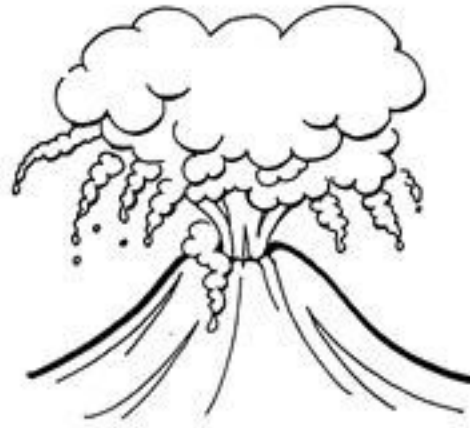

5 drops red food coloring

5 drops liquid dish soap

2 TBSP baking soda

Bottle of vinegar

Place bottle in middle of pan. Form dough around pan in volcano shape. You can paint it if you want. Fill bottle $\frac{3}{4}$ of the way full with warm water. Add food coloring, dish soap and baking soda to water. Pour in vinegar and watch it erupt!

Watch this video about how to make your volcano erupt.

<https://www.bbc.co.uk/cbeebies/makes/nina-and-the-neurons-volcano>

Nina and the Neurons

Volcano

You will need

Small plastic bottle
Brown modelling clay
Bicarbonate of soda
White vinegar
Plastic container
Washing up liquid
Red food colouring

Remember to ask a grown-up for help

1

Take the plastic bottle and use the modelling clay to make a cone shape around it.

Use more modelling clay at the bottom than the top to make the volcano shape.

2

Put your volcano onto a tray.

Add a small squirt of washing up liquid (about 2 tablespoons), 1 tablespoon of red or orange food colouring and 2 tablespoons of bicarbonate of soda

3

Finally pour in the vinegar and watch your volcano erupt!

Afterwards, you can wash your volcano and make it erupt again and again.

I can't wait to see your Volcano Models!

Don't forget to post photos of your pictures or videos on Class Dojo.
