

Morning work - 9th February 2021

For your morning work today, click on the link below and have a go at a few daily ten activities (level 1 is the easiest but you should be able to have a go at level 2 and 3) All you need is a piece of paper. Have a couple of goes but change the time limit each time. See if you can improve on your scores!

These are
multiplication questions

$5 \times 12 = \underline{\hspace{2cm}}$

$3 \times 8 = \underline{\hspace{2cm}}$

$2 \times 11 = \underline{\hspace{2cm}}$

$4 \times 6 = \underline{\hspace{2cm}}$

$9 \times 5 = \underline{\hspace{2cm}}$

$11 \times 4 = \underline{\hspace{2cm}}$

$4 \times 5 = \underline{\hspace{2cm}}$

$5 \times 2 = \underline{\hspace{2cm}}$

$2 \times 3 = \underline{\hspace{2cm}}$

$3 \times 10 = \underline{\hspace{2cm}}$

$8 \times 5 = \underline{\hspace{2cm}}$

$2 \times 12 = \underline{\hspace{2cm}}$

$3 \times 4 = \underline{\hspace{2cm}}$

$11 \times 5 = \underline{\hspace{2cm}}$

$5 \times 1 = \underline{\hspace{2cm}}$

$2 \times 3 = \underline{\hspace{2cm}}$

$2 \times 10 = \underline{\hspace{2cm}}$

$3 \times 12 = \underline{\hspace{2cm}}$

$4 \times 8 = \underline{\hspace{2cm}}$

$7 \times 4 = \underline{\hspace{2cm}}$

$5 \times 11 = \underline{\hspace{2cm}}$

$2 \times 8 = \underline{\hspace{2cm}}$

$10 \times 3 = \underline{\hspace{2cm}}$

$5 \times 3 = \underline{\hspace{2cm}}$

$6 \times 3 = \underline{\hspace{2cm}}$

$12 \times 4 = \underline{\hspace{2cm}}$

$7 \times 3 = \underline{\hspace{2cm}}$

$5 \times 9 = \underline{\hspace{2cm}}$

$4 \times 2 = \underline{\hspace{2cm}}$

$1 \times 5 = \underline{\hspace{2cm}}$

$2 \times 1 = \underline{\hspace{2cm}}$

$7 \times 2 = \underline{\hspace{2cm}}$

$5 \times 4 = \underline{\hspace{2cm}}$

$12 \times 5 = \underline{\hspace{2cm}}$

$2 \times 4 = \underline{\hspace{2cm}}$

$3 \times 2 = \underline{\hspace{2cm}}$

$3 \times 1 = \underline{\hspace{2cm}}$

$2 \times 5 = \underline{\hspace{2cm}}$

$3 \times 2 = \underline{\hspace{2cm}}$

$2 \times 4 = \underline{\hspace{2cm}}$

These are multiplication
and division questions

$12 \div 2 = \underline{\quad}$

$27 \div 3 = \underline{\quad}$

$3 \times 6 = \underline{\quad}$

$5 \times 7 = \underline{\quad}$

$1 \times 2 = \underline{\quad}$

$50 \div 5 = \underline{\quad}$

$16 \div 2 = \underline{\quad}$

$3 \times 5 = \underline{\quad}$

$4 \times 2 = \underline{\quad}$

$12 \div 3 = \underline{\quad}$

$6 \times 2 = \underline{\quad}$

$3 \times 5 = \underline{\quad}$

$7 \times 5 = \underline{\quad}$

$8 \div 2 = \underline{\quad}$

$10 \div 5 = \underline{\quad}$

$2 \times 6 = \underline{\quad}$

$21 \div 3 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$33 \div 3 = \underline{\quad}$

$11 \times 6 = \underline{\quad}$

$8 \div 4 = \underline{\quad}$

$6 \div 3 = \underline{\quad}$

$4 \times 10 = \underline{\quad}$

$15 \div 5 = \underline{\quad}$

$2 \times 5 = \underline{\quad}$

$6 \times 7 = \underline{\quad}$

$12 \times 2 = \underline{\quad}$

$3 \div 3 = \underline{\quad}$

$9 \div 3 = \underline{\quad}$

$6 \times 9 = \underline{\quad}$

$2 \times 4 = \underline{\quad}$

$5 \times 4 = \underline{\quad}$

$4 \times 8 = \underline{\quad}$

$22 \div 2 = \underline{\quad}$

$9 \times 5 = \underline{\quad}$

$6 \times 3 = \underline{\quad}$

$6 \div 6 = \underline{\quad}$

$3 \times 4 = \underline{\quad}$

$6 \times 1 = \underline{\quad}$

$4 \div 2 = \underline{\quad}$
