Boxer Dogs

boxer dogs are an intermediate size breed of dog, originally bred to be guard dogs they are now working dogs they are typically between seven foot and nine inches and two feet tall however they are one inch taller at the shoulder they weigh between sixty and seventy pounds as well as lived to an age of between ten and twelve years

boxer dogs originated in Germany but after World War 1, they were introduced to the United States of America boxer dogs are square-headed and muscular they have short and shiny coats which are fawn or brindle with flashy white markings many Boxers have docked tails and cropped ears

boxer dogs have a playful nature and boundless energy and they can be known as the "Peter Pan" of dog breeds boxer dogs are very loving so they often act as lapdogs and will lie as close to their owners as possible boxers are renowned for their great love affection and loyalty to the families they lived with

boxer dogs are high-spirited, happy and energetic they often paw enthusiastically, cat-like, at their toys, food bowls and even at their owners when they are excited, they often "kidney bean", a little danced where they twisted their body into a semi-circle, similar to the shape of a kidney bean and then turn in circles

boxer dogs also make a unique sound, called a "woo-hoo", when they want something or are excited it is not exactly a bark but rather sounds like they are saying "woo-hoo, put your attention on looked at me"

but life isn't all fun and games for all Boxer dogs. because of their strength bravery and courage, Boxer dogs have a wide role and are used in the military and the police, as well as search-and-rescue work when specifically trained for guard work, Boxer dogs were stupendous watchdogs and will restrain an intruder in the same manner as a Mastiff Boxer dogs also excel in obedience agility and schutzhund (a demanding three-phase competition event that tests the dog's tracking obedience and protection abilities)

Can I understand the History of
the Bible?

Recap- Last 2 weeks- What do you remember?

- Make me a Spider diagram to show me what you have learnt

The Books known to Christians as the 'Old Testament' are the 'Hebrew Scriptures' for Jewish people. Jesus was a Jew and would have been familiar with those Scriptures. 'Scriptures' means 'writings'. The Old Testament is made up of:

The Pentateuch (the first five books, called the 'Torah' by

the Jewish people).

The Historical books (from Joshua to Maccabees).

The Wisdom books (from Job to Ecclesiasticus).

The Prophets (from Isaiah to Malachi).

God revealed is presence...

- They show how God gradually revealed himself to his people, as he promised to guide them and give them laws to live by. For Christians, the stories in the Old Testament tell of the events which prepared for the coming of Jesus. Usually the first reading at Mass on Sunday is from the Old Testament. At the Easter Vigil there are a number of readings from the Old Testament which tell the story of God's loving relationship with his people.

Watch the video here

- * Watch *the BBC learning zone 3666* about the Torah and *312* about the Dead Sea Scrolls.

Understanding

- Shepherds found these scrolls in clay jars buried in a cave near the Dead Sea. The Scrolls include fragments from every book of the Old Testament, except for the Book of Esther. The only complete book of the Hebrew Bible preserved among the scrolls is Isaiah. This copy, dated to the first century B.C., is considered the earliest Old Testament manuscript still in existence.

Today I want you to plan our story...

- What happened in the video?
- Where was the story set?
- What did they look like?
- What were the jars like?
- What do you think the Shepherds thought?
- What might the Shepherds have said?
- Listen to my advice here: [Click here](#)

PE: New unit- Racket and Wall

- In this unit you will need to be resourceful. Ideally you need a tennis racket and a ball.
- HOWEVER- this will work too... any racket that you have, a cereal box cut open into the shape of a racket, a badminton racket, a paper plate, a ball of tin foil instead of a ball etc
- See my next slide for activity 1

Activity 1

- If you have a racket of some kind try this:
 - Roll the ball around the face of the racket then stop and try to roll it into the section at the top of the neck (This game is called park the car) see how many times you can do it without the ball coming off.
 - If you don't have a racket, try to balance a ball on your hand and roll it down your arm and catch it in the crease of your elbow!

Activity 2

- Keepy uppy!
 - See how many times you can hit the ball with the racket without dropping it!
 - Challenge- if this is super easy then try to bounce it on the edge of the racket

TIP- try to keep the ball low and in the centre of the racket!

The forehand

- Watch this video [here](#)
- Now you try it (if you are allowed outside then please do!!) I don't want blaming for broken items!
- You do not need a net, just try hitting it against a wall or somewhere flat
- Send me a video of you managing to repeatedly play the shot
- Like I said, if you haven't got the equipment then try to be resourceful... also if you have a Wii then you could try it on there too!
