Homework Grid – Investigators – Autumn 1 2026

Be a Regular Reader!

Enjoy reading with a grown up every day. Don't forget to ask them to sign your reading record and remember to bring it into school each day to get your reading raffle ticket in the pot!

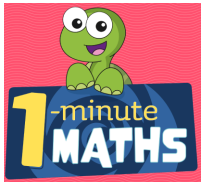

Be a Word Whizz!

Your child completes spelling practice during their Sounds Write and English lessons. There will be no extra spelling test; however, there are some additional words and spelling rules to practise at home for this term. There is a spelling test for each week of the term attached to this document. Please focus on the spellings for your child's year group.

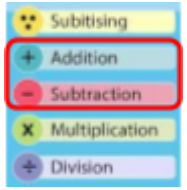

Be a Mathematician!

Practise your number facts using the White Rose Maths free app. You could even challenge members of your family and keep track of your weekly scores in your homework book.

Year 1 focus: subitising

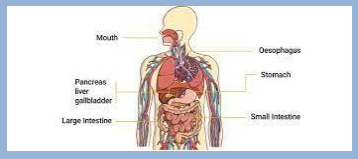

Year 2 focus: Multiplication - count in 2s, 5s and 10s.

Be a smart survivor!

In science we are learning about the human body. The human body can do amazing things, but sometimes it can be difficult to tell the difference between things we normally do and what our body needs to survive.

Create a poster showing the things our body needs to do to survive.

Be an 'Out of this World' artist!

Create a picture of a member of your family using the style of Picasso. You can create your piece of art using any material you like - pens, pencils, paints, collage or even a computer!

Be a Clever Cartographer!

We will be looking at maps in our learning about 'Spatial Sense' in Geography, now it is your chance to make your own map!

It could be a map of a real place like your village or an imaginary land. Maybe it could even be a pirate map showing the way to some hidden treasure! Whatever you choose, don't forget to include a key!

Be a super storyteller!

This half term we are using oral rehearsal to retell events in a story and write character descriptions.

Could you retell a story you have read to someone else?

Maybe you could retell the story from a character's point of view and even dress up to really get in the role of the character!

Spirituality - What makes me, me?

Create a 'Me, Myself and I' portrait. Draw yourself in the middle and add things around the outside that tell me about who you are. You could include: something you love, something you are good at, things that make you happy, important people to you, something that is important to you and something that makes you proud to be you!

Be a Place Value Detective!

Find 5 numbers around your home, These could be on a clock, book, toy, food packet remote control or house number. Write each number down and represent them using different objects.

Year 1 - focus on numbers up to 10.

Year 2 - focus on numbers 10-20. How will you represent your tens and ones?

The homework grid should be completed within the half term. The compulsory tasks (white background with a star) must be completed each week. You then need to complete **at least** one additional task by the end of the half term. Work needs to be completed in your homework books or uploaded on dojo. Please can homework be sent into school or uploaded onto Dojo by **Tuesday 27th October 2026**.

We will be having regular quizzes throughout the term to check to see if you have remembered the vocabulary we have been working on in our Geography learning. Please practise the vocabulary and definitions below regularly ready for the quizzes!

Word	Definition
Map	a 2-D picture that shows **where places are located**
Globe	a 3-D representation of the world
Navigate	to **travel along a route,** finding a way through
Location	the place **where something is**
Direction	the **way something is moving or facing**
Ordnance survey	an **organisation that produces maps** in the UK
Symbols	small pictures that are used on maps to **represent features of a place**
Scale	the **size of a map compared to the actual size of the area** it is showing: maps are much smaller than the real places they show
Equator	an imaginary line around the Earth that **divides the Northern Hemisphere from the Southern Hemisphere**
