Wrens Year 1

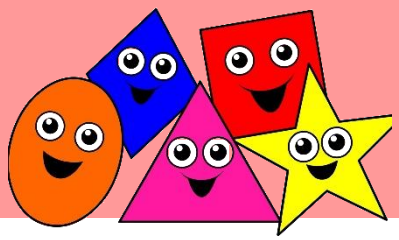

Topic Overview: Autumn 2

'People who help us'

MATHMETICIANS

We will be adding and subtracting numbers within 10. We will then be looking at the properties of 2D shapes.

WRITERS

We will begin with some descriptive writing as we start to use adjectives in our work. We will then look at creating Wanted Posters and Safety information posters.

CATHOLICS

We will be looking at the Christmas story thinking about the accounts from the Annunciation and how prophets and messengers were told about Jesus long before Jesus was born.

School value;
be forgiving

CREATORS

Using paint, we will be exploring primary colours and colour mixing. We will spend time practising our Nativity – with performance; singing, dance and drama.

TECHNICIANS

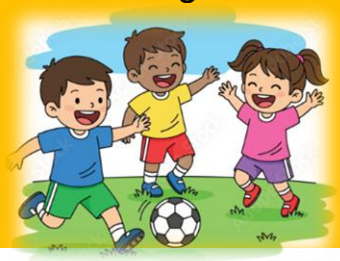

This unit introduces children to using software tools to group and sort recognisable objects. By the end of the unit, children have the opportunity to collect simple data and present it in a pictogram.

SCIENTISTS

Our aim is to investigate the properties and materials in everyday items so that we can answer the question: What materials do we use everyday and why?

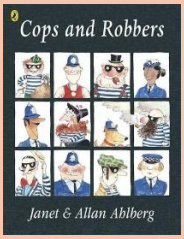

ATHLETES

We will be practising our ball skills: throwing and catching, rolling, dribbling and kicking the ball.

READERS

Introduction to Phase 5 alternative graphemes for known sounds

Fiction and non-fiction texts related to topic

GEOGRAPHERS

Who lives in Barton and what's it like? We will be exploring our area, using maps and talking to people who live here so that we can answer the question.

THINGS TO REMEMBER

Team Theme PE; Fridays 27th Nov and 4th Dec
Wrens assembly Monday 30th November at 9am; all welcome!
Nativity Tuesday 9th Dec 2pm and 6pm *(ticket info to follow)*
