

Religious Studies

RS is at the heart of the curriculum at St Mary's, providing a foundation for your child's future. Many skills are gained through RS, challenging your child to apply their knowledge; remember key facts; apply their beliefs to everyday life situations and have the ability to evaluate contrasting views. RS addresses fundamental human questions and allows discourse to occur. In providing these opportunities in RS, your child will have the ability to think deeply about complex issues, and inspire them to live out the Gospel values both in and out of school.
