

SEN and Disability

Local Offer: Secondary Settings

Mainstream, Short Stay Schools, Special Schools and Academies

Name of School: **St Mary's Catholic High School**

School Number: **07102**

School Name and Address	St Mary's Catholic High School Royal Avenue Leyland PR25 1BS		Telephone Number	01772 421909
			Website Address	http://www.lsmchs.com
Does the school specialise in meeting the needs of children with a particular type of SEN?	No	Yes	If yes, please give details: Internal lift for wheelchair access	
		✓		
What age range of pupils does the school cater for?	11-16			
Name and contact details of your school's SENDCO	Miss Jade Tumelty			

Person responsible for maintaining details of the Local Offer

Name of Person/Job Title	Miss Jade Tumelty, SENDCO		
Contact telephone number	01772 421909 ext 410	Email	j.tumelty@lsmchs.com

Promoting Good Practice and Successes

The Local Offer will give your school the opportunity to showcase any good practice you have around supporting children with Special Educational Needs to achieve their full potential. If you have any examples of good practice or success stories, we would encourage you to include these on your Local Offer web pages. For reasons of confidentiality, please do not include a child's full name in any case studies you promote.

I confirm that our Local Offer has now been published on the school/academy website.

Please give the URL for the direct link to your school's Local Offer	https://lsmchs.com/statutory-information/statutory-policies		
Name	Mr Philip Thompson	Date	September 2023

Please return the completed form by email to: IDSS.SENDReforms@lancashire.gov.uk

Accessibility and Inclusion

- How accessible is the school environment?
Is the building fully wheelchair accessible? Do you have accessible parking spaces? Have there been improvements in the auditory and visual environment? Are there accessible changing/toilet facilities? How do you improve access to the setting?
- How accessible is your information - including displays, policies and procedures etc.
Do you have information available in different font sizes, audio information, Braille, other languages etc. How does the setting communicate with parents and families whose first language is not English? How information is made accessible to parents and families with additional needs?
- How accessible is the school?
How do you make use of resources such as symbols, pictures and sign graphics to support children's access to resources? Do you have furniture such as height adjustable tables or alternative ways of presenting activities so that children can access them?
- Do you have specialised equipment (eg; ancillary aids or assistive technology?)

What the school provides:

Access to buildings and equipment:

Disabled parking space available close to the main building. The main building houses a lift to the first floor, wide corridors, with double fire barrier doors which release on fire activation. Two areas of the school that do not currently have wheelchair access are part of the old structure. These are Art rooms and Pastoral Services on the first floor of the newly refurbished block and the Humanities rooms in the Nurture block.

The main building houses Technology, Science, RE, English and Maths on the ground floor, with Maths, English, PE and MFL on the first floor which can be accessed via the lift. The Learning Resource Centre (library) is large and open plan, there is easy access to the Drama Theatre and the dining hall. Lockers at various heights are situated outside under cover, there is seated areas and designated play areas, a netball court, a multi-purpose games area which are all accessible. The sports hall and dance studio are located in a separate building and these too are accessible.

The science department has adjustable height tables for wheelchair users and for special support chairs. There are seven disabled toilet facilities. Five are situated in the main building, one adjacent to the dining hall and two are on the ground floor adjacent to Technology and Science, both on the ground floor. Two are situated on the upper floor in the main block adjacent to Maths, MFL and English. We have a motorised bed in one of the other two disabled toilets, situated in the Nurture block.

Support for visually impaired and hearing impaired students:

The school has had pupils with Visual Impairment and risk assessments have taken place to ensure safety, visual strips are on the newer staircases. Staff work with our visually impaired pupils on a bespoke basis relating to the needs of each individual child; some assistive technology is available to support their learning such as laptops, immersive reader programmes and e- reader pens.

For pupils with hearing impairment, staff are supported in how best to place in lessons and have an understanding of how to use various hearing devices. Should a pupil arrive at the school who require a hearing loop, aids and devices, funding can be applied for this to be fitted. Students also benefit

from specialist teacher support from the Hearing Impairment team and Teachers of the Deaf who regularly support within school.

Support for students with EAL

Pupils who arrive in school with language difficulties are offered withdrawal support by the SEND team. Students are added to the school's EAL register and take part in initial testing to ensure appropriate support is in place. Students are also assessed for exam arrangements and additional exam support is implemented if required.

Use of other specialist equipment

Each classroom has an interactive whiteboard. TAs help pupils to move around the school from class to class and will take children out of the lesson early if needed, e.g. to ensure pupils get lunch. The school has equipment supplied by the Local Education Authority. They have also trained teachers and TAs to use the equipment safely, this is the case for EVAC chairs which are situated at the top of the English staircase and the MFL staircase for pupils who have mobility issues and need to leave the building quickly and safely in the event of a fire drill.

Pupils can have the use of a laptop and e-reader pen to support literacy needs, if this is a student's normal way of working.

St Mary's is committed to sourcing reasonable equipment requests advised by health professionals for use in school, to enable full access to the curriculum and school life for individual pupils.

The School has a defibrillator available in the main reception area with trained staff available. Parents with additional needs of their own are welcome at any time but will need to make an appointment, to discuss verbally the needs of their child. Care Plans and medication are also kept in the main school office. Information for parents can be enlarged if requested to do so. The SENDCO can meet with parents/carers of children with additional needs to offer support and any additional guidance.

- What arrangements do you have to identify and assess children with SEN?
- What additional support can be provided in the classroom?
- What provision do you offer to facilitate access to the curriculum and to develop independent learning? (This may include support from external agencies and equipment/facilities)
- What SEN and disability and awareness training is available to all staff?
- What staff specialisms/expertise in SEN and disability do you have?
- What ongoing support and development is in place for staff supporting children and young people with SEN?
- What arrangements are made for reasonable adjustments in the curriculum and support to the pupil during exams?
- How do you share educational progress and outcomes with parents?
- What external teaching and learning do you offer?
- What arrangements are in place to ensure that support is maintained in "off site provision"?
- What work experience opportunities do you offer?
- How well does your SEN provision map illustrate the range and level of support for individual pupils or groups with similar needs and the resources allocated to meet those needs?

What the school provides:

Identification of Pupils with SEND:

Before pupils start in Year 7, the Pastoral Leader and/or SEND team visit our partnership primary schools where information is shared regarding Year 6 pupils to facilitate a smooth transition into St Mary's. A follow up meeting can be arranged between parents of Year 6 pupils and the SENDCO to discuss complex needs and/or EHC plans to raise awareness and establish strategies for success.

If needed, the new Year 7 pupils with special education needs have transition mornings and afternoons while they are in Year 6. In some cases, the TAs at St Mary's visit the feeder primary schools to meet with pupils in advance.

Any pupils with medical needs may require a risk assessment to take place before they start in September in order to ensure their safety. On arrival at St Mary's, whole school screening assessments take place for reading, spelling, comprehension, writing and numeracy. CAT tests (Cognitive Ability Test) are also carried out to enable accurate setting of students.

Support:

All teachers share best practice for SEND pupils and it is delivered through Quality First Teaching. A full audit of SEND pupils is conducted and updates are made as needed. This includes shared strategies, ILPs (individual learning plan) for E and K pupils and standardised scores of SEND pupils which are updated on the secure Class Charts and SIMS network for staff to use to inform their planning and classroom strategies.

Pupils who have weak literacy may have weekly withdrawal lessons with TAs with a literacy speciality. The school has fully qualified and experienced Teaching Assistants. There are six Level 2 Teaching Assistants and six Level 3 Teaching Assistants. There is also a Pupil Premium Co-ordinator who works with pupils who are both Pupil Premium and who have SEND.

Tutoring intervention takes the form of small groups, for targeted lessons. General in-class support is targeted at pupils' who have an EHCP. Literacy/Reading intervention is available through timetabled lessons and activities.

The school buys in specialist support for children with ASC/SEMH from Inclusion and Disability Support Service (IDSS). The school also has access to an Educational Psychology service who work with children and with staff for training in all areas of SEND. The SENDCO delivers training through regular teaching and learning briefings and INSET for teachers.

Nurture:

Vulnerable pupils have access to a Nurture facility if needed. Nurture is open at breakfast from 8am, break and lunchtime for any pupils who wish to attend and is run by the teaching assistants. One of the teaching assistants offers Mentoring for any identified pupils. The SENDCO and Family Support Worker are working closely with CAMHS for pupils whose difficulties require this additional input.

The SEND team have weekly meetings. This is to share strategies and to highlight any difficulties. Any strategies or concerns are then shared with teaching staff as appropriate.

Access Arrangements:

Pupils are tested in Year 9 for exam concessions by the SENDCO and the HLTA for Exam Access Arrangements who is Mrs Salmon. The school can provide readers, laptops, scribes, separate

rooms, supervised rest breaks, extra time and prompts for pupils who meet the criteria outlined by exam boards. Identified pupils will have concessions within the normal assessment structure to provide a 'normal way of working' for their GCSEs.

Pupils who need extra support:

Parents/carers meet with the SENDCO at the start of Year 7, or in Year 6 if appropriate, to discuss the needs of their child. Annual reviews take place for pupils who have an Education Health Care (EHC) plan. Pupils who may be experiencing difficulties can be reviewed at any time during the school year. Children who receive learning interventions in school have an ILP which informs any extra strategies put into place, along with test results which show progress.

All parents are encouraged to contact school if they have concerns or information about their child and the SENDCO may call a parent to highlight any concerns and to co-produce a plan to support individual pupils.

Offsite Provision:

For those pupils who are unable attend school on a full time basis due to an unmet need, off site provision can be offered as a last resort. On admission into off site provision all ILPS, EHCPs and assessments are shared between St Mary's and the provision provider to ensure smooth transition and an understanding of the individual pupil's needs. This is monitored on a weekly basis by the pastoral team and the off-site provision coordinator, who liaise directly with the SEND team to update on developments' and needs of the child. Where applicable the SENDCO will attend at review meetings.

Work Experience:

St Mary's provides the following careers guidance to pupils: Option Evening/day in Year 9; Careers Fairs in Year 9, 10 and 11; three Work Related Learning days; five college assemblies; mock interview and interview technique sessions; local college taster days; college application guidance; apprenticeship advice, Post 16 information drop-in sessions and targeted intervention for vocational pupils. For pupils with SEND additional support sessions or interviews can also be arranged separately

Attendance:

The Attendance Officer who monitors attendance, works closely with the SENDCO to support any difficulties arising. The SENDCO also co-ordinates with the Family Support Worker and Safeguarding Officer. The Learning Support department has a SEND provision map to support individual pupils or groups. This is broken down into Wave 1, Wave 2 and Wave 3 depending on the need of the pupil. Intervention is recorded and parents are informed about any additional intervention support by phone/email or through class charts.

Provision Maps:

St Mary's uses Edukey/Class Charts to create provision maps as part of a pupil's ILP. The provision map shows whether the support is Wave 1, 2 or 3 and is reviewed on a prescribed basis to assess for progress. Where progress isn't being made then a decision will be made as to whether an application for statutory assessment is necessary.

- What arrangements are in place for review meetings for children with Education, Health and Care (EHC) Plans?

- What arrangements are in place for children with other SEN support needs?

Review meetings happen on an annual basis as per guidelines from LCC. Parent and pupil voice is heard through completed advice forms and attendance at the review. All advice and assessments are heard at the review and the SENDO is invited to attend at transition between key stage.

For pupils with other support needs and with a formal diagnosis, an assessment of learning needs happens on entry to St Mary's and either Quality First Teaching strategies or regular interventions are put into place depending on the severity and complexity of need. Not all pupils will have TA support, this is dependent on individual student need.

How do you assess and evaluate the effectiveness of the provision you make for children and young people with SEN and Disability?

We follow the assess, plan, do and review cycle. This means that we assess need through in-house testing or external professionals; we then make a decision whether a pupil needs further support and this is planned for the best possible outcomes. The support is then put into place and allowed to run for at least one full half term. After the prescribed period of time has elapsed we then review the support and see if progress has been made through holistic and summative assessment, where appropriate.

- How do you manage safe keeping and administration of medication?
- How do you work with the family to draw up a care plan and ensure that all relevant staff are aware of the plan?
- What would the school do in the case of a medical emergency
- How do you ensure that staff are trained/qualified to deal with a child's particular needs?
- Which health or therapy services can children access on school premises?

What the school provides:

Medical Needs:

Pupils with additional medical needs are highlighted in the confidential Information booklet. Staff work closely with the school nurse and medical professionals to ensure that students in our care are safe. Diabetic pupils, pupils who use Epi-pens or pupils who have severe allergies have individually named boxes which are kept in the school office, along with their Care Plans. Where applicable, staff have access to Epi-pen training. Care Plans are drawn up following a face to face meeting with parents, carers, pupils, school nurse, school first aider, SENDCO and Pastoral Leaders. All staff have access to Care Plans.

In case of a medical emergency all staff know to: Contact school first aider, assess needs, call 999 for assistance if required and inform parents or carers. Pupils will be accompanied to hospital by a member of staff if parents have not arrived at school. Within school there are sufficient qualified first aiders who regularly update on their first aid knowledge. There are fully qualified members of staff who can administer first aid and some are trained to use the school's defibrillator.

All trips have qualified first aiders on them. Pupils have access to the school nurse by appointment and the SENDCO co-ordinates with Occupational Therapy and CAMHS as needed.

- How do you ensure that parents know “who’s who” and who they can contact if they have concerns about their child/young person?
- How do parents communicate with key staff (eg do they have to make an appointment to meet with staff or do you have an Open Door policy?)
- How do you keep parents updated with their child/young person’s progress?
- Do you offer Open Days?
- How can parents give feedback to the school?

What the school provides

Year 6/7 Transition:

The SENDCO visits the pupil’s primary school if a pupil has a special educational need. There is a transition day for all pupils in Year 6 where pupils can meet the Pastoral Leaders, Pastoral Assistant and their Form Tutor. Before this day, a small group of Year 6 pupils who have a diagnosed SEND need and may benefit from extra transition are invited into school to visit the TAs and the nurture room. This is to enable their transition to be easier and allows sharing of information about the child’s needs before the main transition day in July. In June, there is an information evening for new Year 7 parents where they can meet key members of staff.

Within the first term the SENDCO liaises with parents and carers of children identified with a special educational need to ensure all information has been shared. When appropriate, any pupil with SEND can visit St Mary’s for sessions to familiarise themselves with the school and to meet our Teaching Assistants. The SENDCO can meet with parents after the Key Stage 2 SATS and before transition if needed. Information about an individual child’s needs is communicated to staff by the SENDCO on the first day of term and through the SEND handbook.

Communication:

It is possible to make an appointment or ring the School Office, however if a parent has an immediate concern they will be seen without an appointment. Parents are invited to phone or email the school SENDCO for advice or support at any time.

There is a non-teaching Pastoral Assistant who is always available to deal with any concerns. Within each academic year there are three effort and progress reports and one full written annual report. In addition, pupils who have an EHC Plan have an Annual Review and Interim Reviews as needed. The review forms part of the Provision Map.

Feedback:

The school welcomes any feedback about parent views of the school. There is also an evaluation sheet enclosed in the pupil’s report to be returned to school and an evaluation feedback form at parent’s evening with an opportunity for any comments.

- What opportunities do you offer for children to have their say? e.g. school council

- What opportunities are there for parents to have their say about their child's education?
- What opportunities are there for parents to get involved in the life of the school or become school governors?
- How does the Governing Body involve other agencies in meeting the needs of pupils with SEN and supporting their families? (e.g. health, social care, voluntary groups)
- How do home/school contracts/agreements support children with SEN and their families?

What the school provides

Pupil Voice:

The school regularly requests the views of pupils through Pupil Voice and the views of the SEND pupils are passed to the Senior Leadership Team and the Governing Body.

There is also a School Council which is open to all pupils. There is a representative from each form group often elected by the pupils in the form group.

Pupil views are also shared with subject staff. This is carried out by the SENDCO and focuses on how the pupil works best in lessons and highlighted on Class Charts for staff to use to inform planning and Quality First Teaching Strategies.

At interviews there is a pupil panel where pupils have the opportunity to ask candidates their own questions. Tours of the school are conducted by pupils. All pupils have the opportunity to be Prefects and attend the Prefect Review Panel.

Parents/Carers:

As well as Parents' Evenings and Review Meetings parents/carers are welcome to come into school and discuss their needs at any time.

Governors:

The SEND Department has a nominated governor, this is the Chair of Governors, Mrs Gill Donohoe.

The SEND Governor works closely with the SENDCO to support the development of SEND policy and advise on the latest developments in practice where applicable.

The school has a Home/School Agreement which is completed at the start of Year 7. This outlines what is expected of the school, the pupil and the parent/carer.

- Do you offer help with completing forms and paperwork? If yes, who normally provides this help and how would parents access this?
- What information, advice and guidance can parents and young people access through the school? Who normally provides this help and how would they access this?
- How does the school help parents with travel plans to get their son/daughter to and from school?

What the school provides:

Support with Paperwork:

The SENDCO can offer support to parents/carers in the completion of forms and paperwork. Appointments to see the school's SENDCO should be made by phoning the school office. The SENDCO/School can direct families to outside agencies for help e.g. SENDIASS. In addition, there

are information, advice and guidance evenings on topics such as Internet Safety and information on options.

Information, advice and guidance:

Pupils with an EHC Plan will have liaison meetings with Young People's Services and the Career's Team for further guidance and advice on options and post 16 choices.

College representatives are invited to attend Year 9 and Year 11 Transition Reviews and our partnership colleges are able to offer extended transition to bridge the gap between secondary school and post 16 provision. Information, advice and guidance are provided by school staff and/or outside agencies.

Transport:

St Mary's is able to offer a mini-bus service for those pupils requiring transportation to school, and for local school trips (Church services, e.g.)

- What support does the school offer for year 6 pupils coming to the school? (e.g. visits to the school, buddying)
- What support is offered for young people leaving the school? (e.g. careers guidance, visits to colleges, apprenticeships, supported employment etc)
- What advice/support do you offer young people and their parents about preparing for adulthood?
- What advice/support do you offer young people and their parents about higher education, employment, independent living and participation?

What the school provides:

Transition:

Following initial consultation with the Pastoral Leader, The SENDCO visits SEND pupils at their primary school and discusses needs with the primary SENDCO. Parents/carers are welcome to see the SENDCO before their son or daughter starts school. Any extra transition visits are arranged for pupils with an EHCP or if the primary school/parent thinks that a pupil would benefit from extra support.

There is new Intake Day at the start of July with designated Teaching Assistants attached to form groups. There is also a New Intake Parent's Evening in June, where booklets to support transition are given out, and individual meetings with the pupils and the Pastoral Leader and SENDCO are available. On arrival, Year 7 pupils are given a Year 9 'Guardian Angel' who they can go to for advice and help with the practicalities of starting at high school.

St Mary's provides the following careers guidance to pupils: Option Evening/day in Year 9; Careers Fairs in Year 9, 10 and 11; three Work Related Learning days; five college assemblies; mock interview and interview technique sessions; local college taster days; prefect training days; college application guidance; Post 16 information drop-in sessions and targeted intervention for vocational pupils. For pupils with SEND additional support sessions or interviews can also be arranged separately.
