

Planned & likely Educational Visits and Offsite Enrichment Activities

September 2019 to July 2022

September 2019

Dear Parents/ Carers,

The following schedule is designed to give you an idea of the variety of educational trips and visits running from St Mary's over the next 3 years.

Some of these trips and visits are arranged to fall within school weeks and some during school holidays; however, all of the events have educational value, with many linked directly to your child's curriculum. Often, they may contribute to your child's wider education, building their 'cultural capital'. We want all pupils to have access to enrichment opportunities not always available to them away from school, delivering rich and varied experiences both within the school building and beyond.

Please note, these are proposals, and decisions have not yet been made as to whether they will all go ahead. Further details will follow via our usual channels of communication over the coming months. In addition, opportunities arise for schools with relatively short notice, meaning it would be impossible to include them in this 3-year guide.

Where costs are involved, the school will always attempt to make sure that the best possible deal is achieved. Please refer to the school's policy on charging and remissions for further information about charging for school trips and visits.

Mr P Thompson,

Headteacher

2019-20

Trip / Visit	Calendar date	Approx. cost	Estimated numbers	Notes
