Statement of Intent

At St Mary's Catholic High School, we know that what pupils eat and drink at school is important. We aim to teach pupils about food and nutrition through the curriculum and reflect these principles in the school's food menu and cooking provisions.

We acknowledge the important connection between a healthy diet and a pupil's ability to learn effectively and achieve high standards in school. We also acknowledge that we can play a key role in supporting the wider community to adopt a positive attitude to a healthy lifestyle.

As part of our healthy eating and living campaign, our catering will uphold the highest standards of quality, nutrition and cleanliness; adhering, without exception, to the food standards and legal obligations. As such, this policy has been implemented to allow us to provide food in a safe and hygienic manner.

- 13.5 Allowing your child to participate in the preparation of a packed lunch is advisable as we find that a large proportion of packed lunches are thrown away and discarded.

14.Payment Methods

- 13.1 The school operates a cashless payment system through Biostore, called Fasttrack Catering.
- 13.2 Monies can be added to accounts via the [SCO on-line](#) payment system you are requested to add a minimum of £5.00 due to transaction charges. Where necessary pupils may top up by using the cash loader situated outside of the dining room. Please note that we highly discourage and only the correct money is required as the cash loader does not offer change.
- 13.3 Account history can be viewed via the SCO on-line system and any queries should be raised with the school office.

- 13.4 Our preferred method of account management is fingerprint recognition, where parents do not consent then a PIN code can be used. This is to ensure that lunch and break times run as quickly and smoothly as possible.
- 13.5 Pupils can buy from the school canteen at break time and lunch time. FSM are available for lunches only and are only relevant for that day. No carryover is permitted.
- 13.6 Pupils are discouraged from purchasing for others using their account and therefore a daily limit is set at £5.00. If you wish your child to go over this amount or you wish to reduce the daily limit then please contact the school office and this can be arranged.
- 13.8 No child should go hungry, therefore if your child has forgotten to bring in food from home or has insufficient funds then the value of a meal deal will be added to their lunch account. This however will put the account into a minus and we would expect parents to balance that account by the end of the school day. A text message will be sent requesting you to take this action. Please note that abuse of the system will incur additional charges.
- 13.8 If the pupil is eligible for a free school meal please note that this will only be added onto the account for lunch time. Should you wish to supplement the daily allowance in order for them to purchase items at break then it is necessary to add funds via the SCO on-line system. Any balance not used during lunch time will not be transferrable.
