

Dear Families,

Boom Reader

We are introducing a new home reading record system this year called **Boom Reader** in Key Stage 2. This will take the place of physical reading record books.

Boom Reader is an app that allows the children (and their adults) to record reading sessions, create book reviews, that can be shared with their class, and adults to comment on reading progress as they would in the record books, that we have used in the past.

Boom reader was trialed to a great success at the end of last year so some of the children will already be familiar with the app.

All children in KS2 have been given a login and instruction letter, giving them access to their account. The children will also have an introductory session in school promoting its use. There is an expectation for children to be reading at home weekly, and certificates and rewards will be given out for classes and individuals that use the app consistently.

Please use the below link to view the introductory video for parents/guardians.

A guidance PDF will also be shared on the website and Facebook.

If you have any questions, please do not hesitate to get in touch.

Thank you for your continued support,
Mrs Jordan
