The Sports Premium is additional funding given to schools to raise attainment and physical activity for pupils.

Through the 'Sport Premium' the Government is providing funding to support the delivery of PE and sport in primary schools.

This funding will be ring fenced, and will be allocated directly to the primary schools across England providing them dedicated resources to buy in invaluable expertise and support. Primary schools will be able to determine what they believe to be the most appropriate use of the funding.

The funding amount schools receive is based upon the number of children of primary age the school has. Our Sport Premium information can be viewed in the table below.

The funding can be used to:-

- Improve the quality, provision and sustainability of PE in our school
- Increase participation in sports and PE and develop healthy life styles
- Develop staff confidence to deliver PE across the school
- Promote the importance of a healthy lifestyle to all pupils
- Encourage competitive sport across the school
- Promote competitive sport and resilience outside of school

There are 5 key indicators that schools should expect to see improvement across:-

- The engagement of pupils in regular physical activity
- The profile of PE and Sport across the school is raised
- Increased knowledge, skills and confidence of all staff
- Broader experience of a range of sporting activities for all pupils
- Increased participation in competitive sport

The 2022-23 Sport Premium for St Mary's Catholic Primary School was **£20,170**

The money has contributed to the schools overall P.E. budget as outlined below.
