Module: Keeping/Staying Healthy

Topic: Alcohol and Summative Assessment

Years
4-6

Key Facts

- There are associated risks with legal and illegal harmful substances, such as smoking, alcohol use and drug-taking
- Mental wellbeing is a normal part of daily life, in the same way as physical health
- It is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough

By the end of these topics, I should:

- identify what is a risky choice
- identify the risks associated with alcohol (+ drugs - extension)
- describe how alcohol can affect your immediate and future health
- develop and recognise skills and strategies to keep safe

Ask me a question!

- What affects can alcohol have on your body?
- If you or anyone you know is struggling with a mental health issue, what could you do?
- Extension lesson question - what affects can drugs have on your body?

I will learn the following new words/phrases:

Alcohol	<i>A chemical called ethanol that is found in alcoholic drinks.</i>
