

Year 3 HWK

Challenges

Autumn 1st Half-Term

"The Place Where I Live"

(What makes a house a home?)

Plan the Route

Print a map of the local area. Highlight on it a planned route to school from your house. Draw on a route if you walked and a route if you came in the car. Would the route be the same or different?

Historical Detective

Research any of the following local buildings/people:

- *Our School,
 - *Morrison's Tower,
 - *Astley Hall
- OR
- *Bill Beaumont,
 - *Henry Tate,
 - *Myles Standish.

Find out as much as you can.

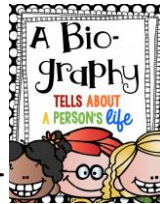

Magic Mapwork

Make your own map of an imaginary world. Create your own 'key' to show the maps features. Make sure that the map has clear headings.

Biography Brainiac

Do you have any biographies at home? Could you find one in the library? If so, write the name of the person and find out 3 key facts about them from the book.

Caught out reading!

Ask someone to take a photo of you reading one of your favourite books in a really cool place then write a book review about your book.

**Want to earn extra housepoints?
Love doing HWK challenges?**

Why not try to complete some of the tasks from here to increase your understanding of our current topic and boost your weekly housepoint totals?

(Tick and date the task when you have finished it).

**Each task has housepoints to earn.
Housepoints will be awarded based on the effort you have put in.**

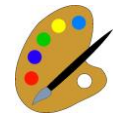

Remember to think about the presentation of your work and enjoy yourself.

You can complete as many of the tasks as you like in this half term.

Happy homeworking! *Mr Hodge.*

Model Home

Make a model of your home. Paint, glue, stick and have fun making it.

ICT skills

Take some photographs of your house (get permission off an adult before using a camera, i-pad, mobile phone or other device). Practice taking these photographs off the device. You could print a few out or send them to me on Class Dojo.

REMEMBER: You should try to read your reading book daily (a book a week would be great!) and practice any spellings or Learn Its 'Rapid Recall Facts' each weekend if possible. There are also questions to try on 'My Maths' (use your username and password to log-in) and you can access 'Times Tables Rockstars' if you have time. Finally, why not log-in to Class Dojo and send a 'Story' to the class page or show me what you have been up to?! We'd love to hear what you have been doing outside of school! Mr Hodge & the Year 3 team.
