## Welcome to The Key Educational Trust

Dear Parents and Carers

I am delighted to officially welcome you and all at St. Mary's CE Primary School to full membership of The Key Educational Trust.

As you will know, St. Mary's has been in partnership with the Trust for just over two years. During this time, we have worked closely together looking at how we can support our young people to achieve their very best. We have looked at opportunities to share knowledge and expertise, for children to visit each other's schools and participate in activities together.

As we move forward, it will be business as normal and Mrs Hill and the local governing committee will continue to provide the excellent education children and parents at St. Mary's have enjoyed.

We look forward to developing deeper links across our schools as St. Peter's CE Primary, Caverswall, are also new members of our Trust. We aim to develop a strong system of collaboration and to enable continual improvement in all areas of school. Community is at the centre of the Trust and our stakeholders all share the value of working collectively for the greater good and achieve excellence together.

The Trust motto 'Unlocking potential – building futures' reflects this mission.

Kindest regards

**Chris Wright**  
CEO on behalf of The Key Educational Trust
