

Previously,  
you learned:

- To experiment with creating collage from a variety of media. Sorting and arranging materials with purpose to create effect. To develop techniques learned in Lower KS2 and develop our own ideas through planning.

UKS2

## Collage

Later, you  
will learn:

- To develop your creativity and ideas, and increase your proficiency in their execution.

### Knowledge

By the end of this unit of study, pupils will be able to:

One	Add collage to a painted, printed or drawn background	
Two	Create and arrange accurate patterns	
Three	Use a range of mixed media	
Four	Plan and design their own collage, extending work from an initial idea.	

### Key Learning

Demonstrate learnt collage skills to create their own piece of work, making links to artists' work.
Select and create an appropriate background for their piece of work.
Continue to improve their mastery of using a combination of materials that have been cut, torn & glued.
Sort, arrange and select materials by texture and colour, appropriate for a piece of work.
Develop a more abstract approach to collage. Exploring ideas of adding other techniques e.g. printing, painting.

### Artists

Kurt Schwitters

Hannah Hock

Ben Giles

### Key Vocabulary

collage, texture, shape, form pattern, mosaic, montage, scale, combination
