

15th January 2021

Dear Parents and Children,

Congratulations on another sterling effort with remote education! I hope you have all found it ok. We are under no illusions that this is not an easy task for you at home and appreciate all your efforts. Your messages and queries have also really helped and we have taken on board the feedback.

The children have again produced some excellent work. I receive notifications every time something is posted and it is simply remarkable how much work is being produced across the school. Thank you for helping your children with this.

Making it work

We recognise that balancing work and supporting your child is very challenging. As such we have made a few changes to our weekly timetable (see below letter) to reflect this. Please note that although we would love to see your child at every session we appreciate this is not always possible. I do not want children or parents to become stressed with the situation we are in. Everyone is doing their best and if a break is needed for you as a family we do understand. We have also looked at making the afternoon sessions more practical and relaxed to give you time to enjoy being together as a family or to catch up on anything you feel is important. The government states that Key Stage 2 should receive 4 hours of learning each day and Key Stage 1 receive 3 hours. I have attached a short video to the timetable to explain our thinking.

Trouble accessing remote learning or broadband issues?

If you experience any difficulty with the online learning, broadband issues or technology issues please get in touch, we will do our best to help. There are avenues that we can go down to try and support vulnerable families with access to laptops and internet access. **Please also let us know if you would benefit from an additional laptop or iPad if you have more than one child with us. We may be able to help in this area. Please complete this very simple Google Form if you are interested.**

Register

The Department for Education guidance states that schools should record the attendance of children who attend online lessons, so as we would in school a register is being taken both in the morning and the afternoon session. Please ensure your child is registered at least once a day.

Online French Lessons

Don't forget our online French session each Thursday. Details are on the attached timetable below.

Thank you again for all that you are doing and the support you have given the staff.
 As always, if there are any problems at all, please get in touch via the school office email and we will do our very best to support you in any way we can.

Best wishes to you and your family. Take care and stay safe.

Mr J Wynn
Head Teacher

Week commencing 18th January 2021

Please find below a slightly updated timetable for home learning. All links remain the same. When possible please login through your child's Google account for ease of access to the meetings. If you have not yet managed to do so please login to Google Classroom which is the best place to message your teacher from and to send in work. Any issues please telephone or email us and we will be more than happy to assist. Please also note the **red sessions** are compulsory and **orange optional** to give you greater flexibility.

For more information please copy and paste the following video link below.
