Dear Parents,

Projected Estimates for Trips/Experiences

We know that many of you have multiple children in the school and sometimes it can seem that trips and outgoings for school activities all come at once! So, using the costs from trips we have been on in the past and looking at ***predicted costs*** for this year, we thought that this trip estimate overview would be useful.

Please note that these are just estimates at the point of costing or were the price the last time the trip was booked. Also, not all of these trips may happen and some additional trips may be added to enhance the curriculum where we feel it will really add value to the children's learning. The exact cost of trips will come out in the trip letter closer to the time, this is hopefully just a useful budgeting tool.

If you have any concerns over costs please let me know and we can discuss options moving forward.
