

Instructions

1. Cut out the pieces. You should have...
 - 2 x outside bag
 - 2 x inside bag
 - 2 x gusset pieces
 - 2 x pocket pieces
 - 6 pieces of medical equipment
2. Stick together the gusset pieces so it is brown on each side.
3. Lay the outside bag pieces face down with the bottom of the bag not quite touching and stick the gusset to in between them.
4. Lay the inside bag pieces face up on top of the bag pieces and stick down.
5. Lay the pocket pieces face down and then glue around 3 sides, make sure you don't glue the top edge! Stick it to the inside of the bag.
6. Cut out the medical equipment pieces and match them to the correct pocket!
