

6W Class Prayer

Dear God,

Bless our classroom so that we can be good and grateful. Help us to learn and become better people. Thank you for giving us education and the ability to learn. Thank you for our friends and classmates who make this school better each day. Thank you for giving us a school which has been standing for 150 years. We hope it continues to be here in another 150 years' time. Please look after everyone who visits this school and thank you again for all the cheese.

From our 6W family

Amen
