

Sheet 9

LO: To research and evaluate current cam products

Explain in your own words, what is a cam toy?

---

---

Explain how do these toys move or how do you think they move?

---

---

Describe who are these cam products for and why do you think this?

---

---

Look at the various designs on the sheet and online, what materials have been used to create these products?

---

---

How has the designer finished the product? Paint etc

---

---

Explain which design do you prefer and why?

---

---
