

Multiplication

Draw spots in the circles, making equal groups to work out these multiplication calculations. The first one is an example:

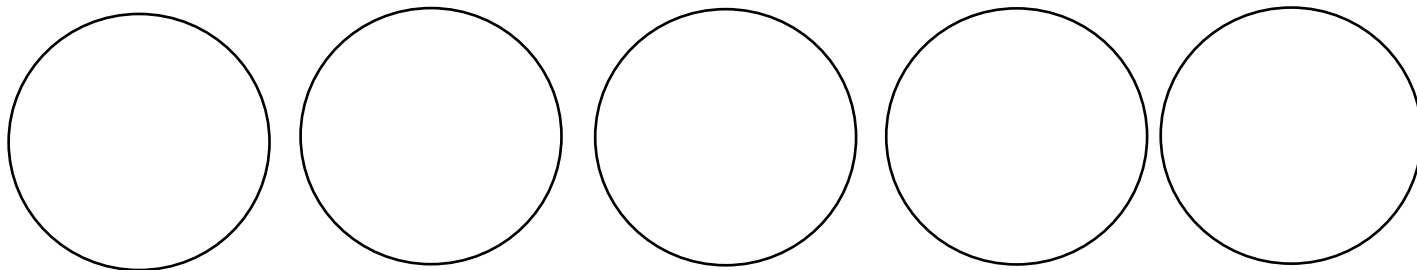

$$5 \times 3 = 15$$

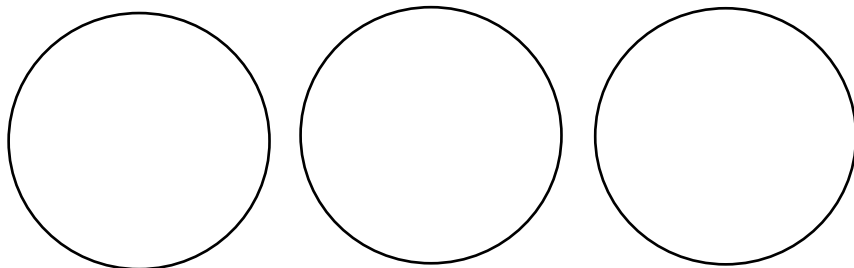

$$4 \times 2 =$$

$$5 \times 5 =$$

$$3 \times 4 =$$

Now have a go at drawing your own circles and spots to work out these multiplication calculations:

$$2 \times 2 =$$

$$3 \times 3 =$$

$$2 \times 4 =$$
