

# WAGOLL

What a good one looks like!

This is an example of a good resolution. Again, the highlighted parts are the parts that you can change with your own ideas to your story if you wish to do so. The rest you can copy writing to help you with the flow of your story. If you want to create your own, you can use it as an example to help you write the opening to your story. This will be modelled on the morning of the activity.

## Resolution

Farmer Dan jumped into Major straight away. "We need to get to Jimmy Owen's Scrapyard to see if he has anything to sort this fox problem out!"

When they arrived, Farmer Dan explained what had happened to Jimmy Owen.

"I have exactly what you need!" Jimmy replied.

Jimmy brought out some barbed wire and two censored lights.

Farmer Dan thanked Jimmy and jumped straight back into Major to head to, Sunnybank Farm.

Farmer Dan and Farmer Stan put a new electric barbed wire around the coop with the censored lights pointing in at the coop.

"That should do the trick, hopefully!" said Farmer Dan to Farmer Stan.
