

Our school is committed to ensuring that every child reaches their full potential through an exciting curriculum and high-quality teaching and learning. We aim to provide the perfect conditions for learning as we believe that how children learn is as important as what they learn.

End of KS2 Assessments

Following a national decision to end the allocation of levels for end of key stage assessment, it is no longer possible to compare the school's results for 2019 directly with outcomes from prior to 2016.

All schools are legally required to publish the results of the National Curriculum tests at KS2 annually. 2016 was the first year that the government used scaled scores and new progress measures.
