

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker, are looked after children or new to the country. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Progress in Reading
2	Progress in Writing
3	Progress in Phonics

4	Significant delays in Speech and language, communication and literacy and vocabulary acquisition in Early Years, KS1 and for EAL learners.
5	Attendance and Punctuality issues
6	Significant social and emotional challenges within a core group of children.
7	Many Pupil Premium children fit into vulnerable groups – SEND, EAL, White British.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupil Premium children to make at least three steps progress in reading in one academic year.	Internal data shows that at least 85% of Pupil Premium children have made accelerated progress in reading in each academic year.
Pupil Premium children to make at least three steps progress in writing in one academic year.	Internal data shows that a high percentage of Pupil Premium children have made accelerated progress in writing in each academic year.
Children to achieve the national average expected standard in the phonics screening test in Year 1. Children who didn't make the standard in Year 2, to achieve the national average expected in the phonics screening test by the end of Year 2.	The vast majority of children who are Pupil Premium, not SEND or new to the country to achieve the expected standard in phonics.
EAL children who have are new to the country to make significant progress in phonics.	The vast majority of EAL children, who are new to the country, to be secure in phase five phonics for reading within the first two years from their starting date.
Children to develop Speech and Language, communication and literacy vocabulary acquisition in Early Years, KS1 and for EAL learner.	Assessments, data and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons ongoing progress across the curriculum as demonstrated in informative assessments.
To increase attendance and punctuality for Pupil Premium children.	Sustained high attendance from 2023/2024 demonstrated by: <ul style="list-style-type: none"> the overall attendance rate for all pupils is 96% and the attendance gap between Pupil Premium children and their non-Pupil Premium peers is being reduced. the percentage of all pupils who are persistently absent being below 10%.

<p>For Pupil Premium children to develop a good awareness of their social and emotional needs.</p>	<p>Sustained high levels of wellbeing from 2023/24 demonstrated by:</p> <ul style="list-style-type: none">● qualitative data from student voice, student and parent surveys and teacher observations● a significant increase in participation in enrichment activities, particularly among Pupil Premium children.● Data from Pivots significantly improved.

<p>KS2 social and emotional support to improve the quality of social and emotional (SEL) learning.</p>	<p>Some children accessed a six-week nurture programme which was provided by the Child and Family Wellbeing Service. The main focus for KS2 children is to improve upon their attendance.</p>
<p>Nurture group in KS1 to improve the quality of social and emotional (SEL) learning.</p>	<p>A large number of children in Reception and KS1 accessed the Nurture group over the year. Ten of those children were Pupil Premium and showed a marked difference in their</p>

	social and emotional learning which was tracked using a Boxhall profile assessment.
Embedding attendance principles of good practice set out in the DfE's Improving School Attendance advice. This will involve release time for staff to develop and implement procedures and sustaining attendance/support officers to improve attendance.	This is continuing next year to tackle attendance and punctuality issues. There has been a positive impact on attendance from regular communication and home visits to address children who are persistently absent or have a dip in their attendance.
To continue to provide strategies and interventions that help improve attendance and punctuality. This includes a 'Walking Bus' to collect identified children and 'Breakfast Club' to ensure they are ready to learn.	10 Pupil Premium children currently access the Walking Bus. 90% of those children are Pupil Premium. 45% of those PP children have improved their attendance. 20/38 (53%) Pupil Premium children access Breakfast Club. 40% of those children have improved their attendance. Punctuality as a focus next year.
To provide homework support for identified children. Support children with reading, spellings and basic maths fact & skills.	Many Pupil Premium children access the homework club on a regular basis.
Contingency fund for acute issues including uniform and PE kit needs.	Many children were provided with school uniform, PE kit, coats, trainers and socks. Moving forward the school is looking into second hand uniform and donated clothes for families in need.
