## Monitoring and Implementation

Area	Challenge	Mitigating action
Teaching	To ensure nurture teacher has significant time with children due to isolation, illnesses and attendance issues.	Longer periods of time with each group and focus on gaps in learning.
Targeted support	Ensure that all children needing access to speech and language, communication and literacy and vocabulary acquisition have ample time.	If staff are absent, use of different staff within the bubble to implement learning. Have longer time frames to complete programs with time constraints.
Wider strategies	Engaging families with added challenges.	Engage family liaison officer, SENCo, Attendance lead and other outside agencies.

## Review: last year's aims and outcomes

Aim	Outcome
Gap between PP children and non- PP children to be narrowed.	No external assessment data and lockdown due to pandemic meant work not completed.
To raise achievement in reading, writing, comprehension and key maths skills.	No external assessment data and lockdown due to pandemic meant work not completed.
Reduce number of persistent absences.	The number of persistent absences decreased from 13 in 2018/2019 to 10 in 2019/2020 up to the point of Covid lockdown in March 2020.
Raise levels of concentration with more pupils responsible for their own learning.	Lockdown due to pandemic meant work not completed.
