Can you identify the five senses? Today you are going to use these to describe the opening scene of the clip.

Surround the images below with what you saw in the clip. Encourage use of expanded noun phrases, prepositions and quality vocabulary in their notes. What were the large metal cross-like objects? Where is the scene set? Who can be seen? Where are the characters before they are on land? What is in the sky? Use the five senses.

For an extension, write a full sentence for each of the senses, E.g. 'Exploding bombs could be heard as they plummeted from the sky above.'

A large rectangular area containing 20 horizontal lines for writing notes.
