

Create a story map for your own story adding in your problem from yesterday. Please see dojo or on the school website for an example of doing a story map 😊

The story map template features a light blue background with a central illustration of a grey, rocky mountain range. At the bottom, there is a strip of green grass. The map is organized into several colored boxes with arrows indicating a clockwise flow:

- Title:** A white box at the top left.
- Author:** A white box at the top right.
- Problem:** A white box with a green border, located in the upper middle section.
- Build up:** A white box with an orange border, located on the left side.
- Characters:** A white box with a pink border, located in the center.
- Setting:** A white box with a pink border, located in the center, below the Characters box.
- Resolution:** A white box with a green border, located on the right side.
- Ending:** A white box with a blue border, located at the bottom right.
- Opening:** A white box with an orange border, located at the bottom left.

Blue arrows connect the boxes in a clockwise cycle: from Problem to Build up, Build up to Opening, Opening to Ending, Ending to Resolution, Resolution to Problem, and from Ending back to Build up.
