

Day 1 Sheet 1

Opening

Can you have a go at writing the **opening** of your story? Use your story map from last week to help you, looking at the **first** box. There is what we call a WAGOLL (What a good one looks like) on the website as well as on the class story page on dojo to help you with this. Also look at the non-negotiables for what to add into your story in this pack. You don't need to add everything in every part, see which bits you can add in throughout the week.

Please only write the opening today!

Remember to check back your work and see that it makes sense, you have used capital letters correctly, finger spaces and punctuation. Along with any of the non-negotiables if you have added any.
